*Buick Nailhead: How to Rebuild & Modify 1953-1966* Nov 10 2020 Learn how to rebuild and upgrade your Buick Nailhead with the first book ever dedicated to the subject! In this all-new book from Nailhead racer and veteran engine builder Gary Weldon, you will learn everything you need to know about how to rebuild and upgrade the venerable Buick Nailhead engine. Weldon takes you through each step, including a review of the birth of the Nailhead, the benefits of its unique design, serial and casting number information to source and identify the best project, and a history of the engine in development. Also covered are the processes of rebuilding, including disassembly, inspection, sourcing the best parts, making critical upgrades, reassembly, and break-in. Of course, all the machine shop work is covered, and practical advice on building engines for competition is provided. The Nailhead was a throwback to the early overhead-valve engine design, and that unique design makes it a popular choice for period-correct hot rod projects. In addition, if your torquey Nailhead resides between the fenders of a Buick Special, LeSabre, Invicta, Roadmaster, Riviera, Century, Skylark, Wildcat, or Electra 225, this book will help you keep that old beauty on the road.

**A Phrasebook for Spiritual Emergencies: Essays** Dec 12 2020 When is the last time a phrase went through your head for the umpteenth time before you caught it by the tail ? The phrases that go through our minds drive our lives. These phrases come in moods just like the weather, and often it doesn't occur to us that we make this weather and can change it. There seems to be a consensus that we need to change our consciousness, make a quantum leap, and get ready for the shift. Many people have already stocked up on duct tape and started meditating; there is no shortage of books telling us what to do. Until now however there was no book that gave an actual demonstration of self-help phrases that can be used in a spiritual emergency. Please enjoy this collection of personal essays---"Alice's new work is terrific. She brings gravity and personality to every page, and remains one of the slyest wits out there. The work is concentrated and forceful -- she's on a roll." -Jonathan Lethem.
