**Twelve Years a Slave** Jul 18 2021 "Having been

born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

**Thackeray in Time** Dec 31 2019 An intense fascination with the experience of time has long been recognised as a distinctive feature of the writing of William Makepeace Thackeray (1811-1863). This collection of essays, however, represents the first sustained critical examination of Thackeray's 'time consciousness' in all its varied manifestations. Encompassing the full chronological span of the author's career and a wide range of literary forms and genres in

which he worked, Thackeray in Time repositions Thackeray's temporal and historical self-consciousness in relation to the broader socio-cultural contexts of Victorian modernity. The first part of the collection focusses on some of the characteristic temporal modes of professional authorship and print culture in the mid-nineteenth century, including periodical journalism and the Christmas book market. Secondly, the volume offers fresh approaches to Thackeray's acknowledged status as a major exponent of historical fiction, reconsidering questions of historiography and the representation of place in such novels as *Vanity Fair* and *Henry Esmond*. The final part of the collection develops the central Thackerayan theme of memory within four very different but complementary contexts. Thackeray's absorption by memories of childhood in later life leads on to his own subsequent memorialisation by familial descendants and to the potential of digital technology for preserving and enhancing Thackeray's print archive in the future, and finally to the critical legacy perpetuated by generations of literary scholars since his death.

**Victory Motorcycles 1998-2017** Apr 14 2021

With the 1998 debut of its V92C, Victory Motorcycles became the New American Motorcycle. Victory's innovative, stylish heavyweight cruiser motorcycles attracted a loyal, hard-riding following, but not the market share needed to survive. This richly illustrated book covers the brand's history model-by-model and analyzes why the parent company announced in early 2017 that its Victory division would cease operation. This book also features a full reprint of the collectible first Victory history from 1998, *The Victory Motorcycle*.

*Nations Under God* Jan 12 2021 'Nations under God: The Geopolitics of Faith in the Twenty-First Century' is a timely contribution to the on-going discussion on religion and politics. The volume brings together over thirty leading scholars from a variety of disciplines such as political science, international relations theory, sociology, theology, anthropology, and geography. Utilising case studies, empirical investigations, and theoretical examinations, this book focuses on the complex roles that religions play in world affairs. It seeks to move beyond the simplistic narratives and overly impassioned polemics which swamp the discourse on the subject in the media, on the internet, and in popular nonfiction, by acting as a vessel for scholarly research on religion. The book presents a balanced analysis of the multifaceted roles taken on by religions, and religious actors, in global politics. Contributors: Stephen Dawson, Jodok Troy, Gertjan Dijkink, John A. Rees, Mark S. Cladis, Fabio Petito, Linda Woodhead, Jonathan Fox, Brendan Sweetman, Don Handelmann, Scott W. Hibbard, Ruy Llera Blanes, Fang-long Shih, Kaarina Aitamurto, Mona Kanwal Sheikh, Lee Marsden, Shireen T. Hunter, Nilay Saiya, Dan G. Cox, Pauline Kollontai, Francois Foret, James L. Guth, Brent F. Addressing Challenging Moments in Psychotherapy Jan 30 2020 "This practical and helpful volume details how clinicians can work through various and common challenges inherent to psychotherapy, whether within the context of individual, marital, or group settings. Chapters draw upon wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using countertransference for therapeutic purposes; resistance, especially when it needs to be the focus of the therapy; and a prioritization of exploration over explanation and favor working in the here-and-now. Along with theory and clinical observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt termination of therapy, treating a couple

that's lost compassionate neutrality, and more. In addition to offering advice and strategies for therapists, the book also addresses foundational concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, *Challenging Moments in Psychotherapy* is essential reading for all clinicians, teachers, and supervisors of psychotherapy"--
