**Holding Back The Tears** Jul 05 2020 This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her beliefs about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Hella Town Nov 01 2022 "Oakland is a well-kept secret, a port city of dramatic topography and physical beauty, varied social groups and one-off neighborhoods. In his incisive history, Mitchell Schwarzer examines the development of Oakland's built environment from the onset of the twentieth century to the present, especially in light of its status as a second city playing underdog to glamorous San Francisco across the bay. His book emphasizes the ways transportation networks, housing, industry, commerce, and civic and park projects together shaped a social and political terrain that continues to be defined by class and racial inequalities"--

*No Good Mitchell* Jan 29 2020 BRODY - A night on the town after a long workweek at my family's distillery should include shots and dancing-not a hot kiss with a handsome stranger. I'm straight...at least, that's what I figured until I find myself locking lips with a sexy city boy. Now all my circuits are going haywire, and the spark that ignites between us makes me even more curious. Unfortunately, I kissed the one man who's off-limits: Cohen Mitchell-the sole surviving heir to the Mitchell Creek distillery, a rival neighbor my family has feuded with for nearly a hundred years. Until he arrived in town, no one knew there were any Mitchells left. But the business-savvy city slicker has taken an interest in his legacy. Nothing means more to me than my family, so whether I like it or not, I have to keep my hands off the sexy, green-eyed beauty who Big Daddy has not-so-affectionately dubbed that "No Good Mitchell." Problem is: my hands have other plans... COHEN - I never expected to inherit a distillery from a father I had never known. That's how I find myself in a tiny Georgia town where everyone knows a family history I've been kept in the dark about. The townsfolk all have a different story about my ancestors, with two things in common: illegal activity and Mitchell vs O'Ralley forever. Maybe I shouldn't like Brody O'Ralley, but I didn't grow up with this stupid family feud. I enjoy touching him, kissing him and-oops-I'm falling for the man with sweet Southern charm and a big heart. Between the O'Ralley patriarch hating me, getting the Mitchell Creek distillery off the ground, and working through my own family issues, I know I should stay away from Brody. But I won't, and staying away is not what he wants either. I crave all the time with my country boy as I can get, even if it's breaking the rules. After all, I am a No Good Mitchell.

He may require a little boost getting into the driver's seat, but once he's behind the wheel, his "car" sure goes fast! **Stone City** Dec 22 2021 Stone City is a small community located near Cedar Rapids, Iowa. It was made famous by Grant Wood's fantastical painting entitled, Stone City, Iowa, 1930. This novel is a work of historical fiction set in and around this charmed community during the summer of 1969. As their society is being torn apart by war, poverty, and racism, these star-crossed lovers will come together for one fateful week that will forever change the trajectory of their lives. Ashley Morgan, thirty-eight, married and mother of three, is in Cedar Rapids for an educational conference. But a chance encounter with Jaymes Fitzgerald, a free-spirited, twenty-four-year-old graduate student and consummate blues player quickly turns into a dinner invitation and an evening of "dancing on water". The ease of their togetherness leads to an offer to ditch the conference to enjoy a day of exploration and untethered freedom. They visit historical Stone City, vestiges of Greene's two-hundred-acre estate, and Jaymes's favorite hangout – the town's General Store Pub. Hearing stories of this folkloric town, Ashley learns about Eastern Iowa's art community, which in part evolved from Grant Wood's Art Colony Schools of the early '30s where Jaymes's dad, a renowned regional artist from St. Paul's warehouse district, had attended as a student. Hungering for more time together, the couple travel farther north on Jaymes's fiery red, Indian Chief motorcycle to see many of Iowa's scenic places and cultural interests. Throughout their odyssey filled with edgy scenes, they share long held secrets before returning for the conference's concluding rooftop luau. After toasting their week of self-expression, they slip away to a private world of flickering candlelight and strains of Dvorak's New World Symphony to assert their new-found love. Each was oblivious to their looming destinies in this emotionally charged story of two opposing truths.

*City Cat Moves to the Country* Mar 13 2021 Niki is an elegant, classy, educated cat—at least, that's what his family tells him. They all live in town, in a beautiful house with a big backyard, and the family takes good care of Niki. He walks out in the garden in nice weather and gets warm milk in the winter. Then one day he notices his family packing up their belongings, and soon a big moving van arrives at the house. Niki's human family is moving to the country, and they tell him he is moving too. He is afraid to leave his home and familiar surroundings to go to an unknown place. And once the family arrives, he discovers the new house has stairs, and none of the things he loves are there; he is sure they're gone forever. But soon he learns that maybe everything in the new country house isn't all that bad after all. In this children's story, a cat whose family moves from the city to the country is sad and afraid while adjusting to his new home—but eventually finds he can be happy there too.

**Hella Town** Nov 20 2021 Hella Town reveals the profound impact of transportation improvements, systemic racism, and regional competition on Oakland's built environment. Often overshadowed by San Francisco, its larger and more glamorous twin, Oakland has a fascinating history of its own. From serving as a major transportation hub to forging a dynamic manufacturing sector, by the mid-twentieth century Oakland had become the urban center of the East Bay. Hella Town focuses on how political deals, economic schemes, and technological innovations fueled this emergence but also seeded the city's postwar struggles. Toward the turn of the millennium, as immigration from Latin America and East Asia increased, Oakland became one of the most diverse cities in the country. The city still grapples with the consequences of uneven class- and race-based development-amid-disruption. How do past decisions about where to locate highways or public transit, urban renewal districts or civic venues, parks or shopping centers, influence how Oaklanders live today? A history of Oakland's buildings and landscapes, its booms and its busts, provides insight into its current conditions: an influx of new residents and businesses, skyrocketing housing costs, and a lingering chasm between the haves and have-nots.

*Mitchell & Ruff* Jun 23 2019 This portrait of jazz musicians Willie Ruff and Dwiki Mitchell tells not just how these men became musicians but how they live their lives as musicians -- how they give the gift of jazz to communities that would otherwise not have access to this powerful music. Born into Southern homes long before the civil rights era began, Ruff and Mitchell became successful musicians with degrees from two of the country's most elite conservatories. Mitchell and Ruff follows the musicians to Shanghai, where they bring jazz to China; to the Midwest, where they demonstrate their talents to audiences usually ignored by musicians; to New York City, where Mitchell teaches a new generation of talented but untrained musicians; and to Venice, where Ruff travels back to the roots of Western music in order to understand jazz legacy.

*Mitchell Goes Bowling* Jan 23 2022 Features an audio read-along! Battle on! Head to the lanes for another hilarious, high-energy story as four-year-old Mitchell and his obliging dad strike a winning deal. Mitchell liked to knock things down. That's just how he rolled. One Saturday, when Mitchell almost knocks down his dad, his dad catches him and puts him in the car. And when they step into the bowling alley, Mitchell feels right at home. Pizza! Giant crashing noises! Special shoes! But as Mitchell picks up the biggest ball and quickly learns the word gutter, and when Dad does a little kick with his leg and earns a big X on the scoreboard, Mitchell starts to get peevish. How can Mitchell get a chance to do a steamin'-hot-potato-dance too? With wit, warmth, and comedic charm, Hallie Durand and Tony Fucile roll another strike with this tale of a lovably rambunctious child and his doting dad.
