**Guy Martin: When You Dead, You Dead** Oct 28 2019 'The maddest 12 months of my life. The journey starts with an oddball race up an American mountain and ends with me checking myself out of hospital with a broken back. Again ...' As Guy's Latvian grandfather frequently reminded him, 'When you dead, you dead'. So before it's all over, Guy Martin is making the most of the time he's got. In this past year alone, Guy has raced the Isle of Man TT and finished on the podium; bike trekked through India; competed in solo 24-hour bicycles races; flown a stunt plane; broken a go-kart speed record down a French mountain and attempted to break the motorcycle land-speed record at Bonneville Salt Flats. **Speed** Jul 06 2020 Guy Martin, lorry mechanic, motorcycle racing legend and favourite of the Isle of Man TT, lives for the buzz he feels racing his bike round terrifying bends at 200mph. Nothing, he claims, can match it. Or can it? Guy is about to find out ... Guy faces four dangerous and thrilling speed record challenges, pushing the boundaries of speed, and his body, to determine just how fast one man can go. Together with the best of British engineering and design, scientific research, ground breaking technology and a Gold-medal-winning athlete or two, Guy attempts to pedal a bicycle over 100mph by using the slipstream of an articulated lorry; build the world's fastest human-powered aircraft; hydroplane a modified motocross bike across a two kilometre lake and become the fastest man on a toboggan. Tying in with the Channel 4 television series, Speed offers the inside track - the feats of engineering, the science behind the speed, the history of the challenges and Guy's adrenaline fuelled, jaw-dropping attempts to break the records. How do you create an aeroplane frame that's super light but safe enough to crash? What should you fill your bicycle tyres with if common air will explode under the heat of 100mph speeds? And why is the shape of a peregrine falcon the ideal model for a toboggan? Exploring aerodynamics, surface tension, friction, gravity and ground effect, Guy discovers how and why things go really fast.

**Cardiff After Dark** Nov 29 2019 Cardiff After Dark is the first monograph by British-based Polish photographer Maciej Dakowicz. Dakowicz spent five years photographing the nighttime revelries that take place in Cardiff over the weekend. Focused around a few pedestrianized streets in the city centre, Dakowicz's images capture nightlife fueled by alcohol and emotions. The arc of an evening's entertainment is captured in these candid photographs, which reveal fun and hilarity as well as fighting and drunken exhaustion. There are stag nights and hen parties, men dressed as superheroes and women dressed as Playboy bunnies, mountains of discarded chip wrappers, arrests by the police, and lots and lots of posing for photographs. Dakowicz's images, at times shocking or upsetting, form an important documentary photobook of British urban life in the early part of the 21st century.
