[Wisdom at Work](#) Apr 14 2021 Experience is making a comeback. Learn how to repurpose your wisdom. At age 52, after selling the company he founded and ran as CEO for 24 years, rebel boutique hotelier Chip Conley was looking at an open horizon in midlife. Then he received a call from the young founders of Airbnb, asking him to help grow their disruptive start-up into a global hospitality giant. He had the industry experience, but Conley was lacking in the digital fluency of his 20-something colleagues. He didn't write code, or have an Uber or Lyft app on his phone, was twice the age of the average Airbnb employee, and would be reporting to a CEO young enough to be his son. Conley quickly discovered that while he'd been hired as a teacher and mentor, he was also in many ways a student and intern. What emerged is the secret to thriving as a mid-life worker: learning to marry wisdom and experience with curiosity, a beginner's mind, and a willingness to evolve, all hallmarks of the "Modern Elder." In a world that venerates the new, bright, and shiny, many of us are left feeling invisible, undervalued, and threatened by the "digital natives" nipping at our heels. But Conley argues that experience is on the brink of a comeback. Because at a time when power is shifting younger, companies are finally waking up to the value of the humility, emotional intelligence, and wisdom that come with age. And while digital skills might have only the shelf life of the latest fad or gadget, the human skills that mid-career workers possess—like good judgment, specialized knowledge, and the ability to collaborate and coach—never expire. Part manifesto and part playbook, [Wisdom@Work](#) ignites an urgent conversation about ageism in the workplace, calling on us to treat age as we would other type of diversity. In the process, Conley liberates the term "elder" from the stigma of "elderly," and inspires us to embrace wisdom as a path to growing whole, not old. Whether you've been forced to make a mid-career change, are choosing to work past retirement age, or are struggling to keep up with the millennials rising up the ranks, [Wisdom@Work](#) will help you write your next chapter.

This Modern Love Aug 26 2019 In the tradition of Post Secret and Other People's Love Letters, a crowdsourced compilation of letters, stories, and art work about the modern state of love and relationships, edited by rising filmmaker and beloved YouTube vlogger Will Darbyshire. "What would you say to your ex, without judgment?" This is the question filmmaker and vlogger Will Darbyshire posed to hundreds of thousands of his closest friends on YouTube. Seeking closure after a tough break-up, Will was driven to strike up an intimate conversation with his online audience, and to get at the heart of one of life's unknowable yet universal mysteries: love. Over a period of six months, Will posed a series of questions to his audience and asked them to reveal their innermost feelings about their own romantic experiences in the form of hand-written letters, poems, photographs, and emails. The result is a curated collection of responses that are, at turns, funny, dark, confessional, awkward, comforting, and uplifting. This Modern Love is a compelling portrait of individual desires, fantasies, resentments, and fears that reminds us that, whether we're in or out of love, we're not alone.

Modern Man in Search of a Soul Jul 06 2020 Modern Man in Search of a Soul is the perfect introduction to the theories and concepts of one of the most original and influential religious thinkers of the twentieth century. Lively and insightful, it covers all of his most significant themes, including man's need for a God and the mechanics of dream analysis. One of his most famous books, it perfectly captures the feelings of confusion that many sense today. Generation X might be a recent concept, but Jung spotted its forerunner over half a century ago. For anyone seeking meaning in today's world, Modern Man in Search of a Soul is a must.

Baby Catcher Jun 24 2019 A former nurse chronicles her journey into midwifery, from her dissatisfaction with formulaic delivery room procedures in the 1960s to her eventual career as a "baby catcher," and chronicles her diverse birth experiences, the women she has encountered along the way, and role of midwifery in the United States. Reprint.

A Modern History of the Kurds Jun 16 2021 The division of the Kurdish people among the modern nation states of Iraq, Turkey, Syria and Iran and their struggle for national rights continues to influence the politics of the Middle East. David McDowall's ground-breaking history of the Kurds from the 19th century to the present day documents the underlying dynamics of the Kurdish question. Drawing extensively on primary sources - including documents from The National Archive and interviews with prominent Kurds - the book examines the interplay of old and new aspects of the struggle, the importance of local rivalries and leadership within Kurdish society, and the failure of modern states to respond to the challenge of Kurdish nationalism. In this new and revised edition, McDowall also analyses the momentous transformations affecting Kurdish socio-politics in the last 20 years. With updates throughout and substantial new material included, this fourth edition of the book reflects the developments in the field and the areas which have gained importance and understanding. This includes new analysis of the Kurdish experience in Syria; the role of political Islam in Kurdish society and Kurds' involvement in Islamist Jihad; and issues surrounding women and gender that were previously overlooked, from the impact of the women's equality movement to how patriarchal practices within the Kurdish community still limit its progress. The foundation text for Kurdish Studies, this book highlights in detail the changing situation of the Kurds across the Middle East.

American Modern Mar 26 2022 Designer and merchant, collector and tastemaker, Thomas O'Brien has made a career of translating cool notions of modernism into an easy and generous array of modern styles that anyone can attain. Now he introduces readers to a range of those styles—from casual to formal, vintage to urban—alongside stunning photography and charming design stories. O'Brien carefully describes the design process of his chosen projects, including a downtown New York City loft, a traditional Connecticut estate, and a converted schoolhouse in eastern Long Island. Each home explores a view on the modern design spectrum he has created, as well as the individual choices that make the design unique and its mix essentially American. He explains not only what was at work to create a given style, but how readers can import those practices to their own homes and personal design sensibilities. Important design principles such as architectural authenticity, color relationships, correctness of scale, and informed collecting are threaded through a practical narrative that reads like a master class in interior design. American Modern is an inspiring design volume that will redefine the way readers think about modern interiors.

[A Modern Way to Live](#) Dec 23 2021 Find happiness at home with five guiding principles from cultural phenomenon THE MODERN HOUSE. 'A source of fascination, inspiration and fantasy' Guardian In 2005, childhood friends Matt Gibberd and Albert Hill set out to convince people of the power of good design and its ability to influence our wellbeing. They founded The Modern House - in equal parts an estate agency, a publisher and a lifestyle brand - and went on to inspire a generation to live more thoughtfully and beautifully at home. As The Modern House grew, Matt and Albert came to realise that the most successful homes they encountered - from cleverly conceived studio flats to listed architectural masterpieces - had been designed with attention to the same timeless principles: Space, Light, Materials, Nature and Decoration. In this lavishly illustrated book, Matt tells the stories of these remarkable living spaces and their equally remarkable owners, and demonstrates how the five principles can be applied to your own space in ways both large and small. Revolutionary in its simplicity, and full of elegance, humour and joy, this book will inspire you to find happiness in the place you call home.

[A History of the Modern Fact](#) Dec 31 2019 How did the fact become modernity's most favored unit of knowledge? How did description come to seem separable from theory in the precursors of economics and the social sciences? Mary Poovey explores these questions in A History of the Modern Fact, ranging across an astonishing array of texts and ideas from the publication of the first British manual on double-entry bookkeeping in 1588 to the institutionalization of statistics in the 1830s. She shows how the production of systematic knowledge from descriptions of observed particulars influenced government, how numerical representation became the privileged vehicle for generating useful facts, and how belief—whether figured as credit, credibility, or credulity—remained essential to the production of knowledge. Illuminating the epistemological conditions that have made modern social and economic knowledge possible, A History of the Modern Fact provides important contributions to the history of political thought, economics, science, and philosophy, as well as to literary and cultural criticism.

[Evil in Modern Thought](#) Jan 12 2021 Whether expressed in theological or secular terms, evil poses a problem about the world's intelligibility. It confronts philosophy with fundamental questions: Can there be meaning in a world where innocents suffer? Can belief in divine power or human progress survive a cataloging of evil? Is evil profound or banal? Neiman argues that these questions impelled modern philosophy. Traditional philosophers from Leibniz to Hegel sought to defend the Creator of a world containing evil. Inevitably, their efforts—combined with those of more literary figures like Pope, Voltaire, and the Marquis de Sade—eroded belief in God's benevolence, power, and relevance, until Nietzsche claimed He had been murdered. They also yielded the distinction between natural and moral evil that we now take for granted. Neiman turns to consider philosophy's response to the Holocaust as a final moral evil, concluding that two basic stances run through modern thought. One, from Rousseau to Arendt, insists that morality demands we make evil intelligible. The other, from Voltaire to Adorno, insists that morality demands that we don't.

[A Modern Witch](#) Jan 30 2020 Can you live 28 years without discovering you're a witch? Lauren is downtown Chicago's youngest elite realtor. She's also a witch. She must be - the fetching spell for Witches' Chat isn't supposed to make mistakes. So says the woman who coded the spell, at least. The tall, dark, and handsome guy sent to assess her is a witch too (and no, that doesn't end the way you might think). What he finds in Lauren will change lives, mess with a perfectly good career, and require lots of ice cream therapy.

The Essential Wine Book Nov 29 2019 A field guide to the new world of wine, featuring an overview of today's most exciting regions and easy-to-use advice on properly tasting wine, discovering under-the-radar gems, and finding the perfect bottle for any occasion. Highlighting wines from old world regions such as France, Italy, Spain, and Germany to new world wines from the United States, Australia, New Zealand, Chile, and more, The Essential Wine Book tells you what to drink and why. Beginning with foundational information about how wine is made, how to taste it, and how to understand terroir, wine expert and journalist Zachary Sussman then gives an overview of the most important and interesting wine regions today—both established and still emerging. For instance, the great French wines of Burgundy and Champagne are already well known, but for affordable bottles you can easily find at your local wine shop, Sussman profiles up-and-coming producers in other regions, including the Jura, Languedoc-Roussillon, and more. In a similar vein, California's Napa Valley has for decades been the source of America's most prestigious wines, but here you'll learn about other areas of the state that are gaining recognition, from Lodi to the Santa Rita Hills. You'll find user-friendly "just the highlights" notes for each region, as well as recommendations for producers and particular bottles to seek out. Diving deep into what makes each region essential and unique, this comprehensive guides gives new wine drinkers and enthusiasts alike an inside track on modern wine culture.

[Greece](#) Jul 30 2022 SHORTLISTED FOR THE CUNDILL HISTORY PRIZE 2020 AND THE RUNCIMAN AWARD 2021 A FINANCIAL TIMES BOOK OF THE YEAR We think we know ancient Greece, the civilisation that shares the same name and gave us just about everything that defines 'western' culture today, in the arts, sciences, social sciences and politics. Yet, as Greece has been brought under repeated scrutiny during the financial crises that have convulsed the country since 2010, worldwide coverage has revealed just how poorly we grasp the modern nation. This book sets out to understand the

modern Greeks on their own terms. How did Greece come to be so powerfully attached to the legacy of the ancients in the first place, and then define an identity for themselves that is at once Greek and modern? This book reveals the remarkable achievement, during the last 300 years, of building a modern nation on, sometimes literally, the ruins of a vanished civilisation. This is the story of the Greek nation-state but also, and perhaps more fundamentally, of the collective identity that goes with it. It is not only a history of events and high politics, it is also a history of culture, of the arts, of people and of ideas.

**Crestwood Hills** Aug 31 2022 The fascinating story of people and mid-century modern architecture, merging and prevailing to create a neighborhood in Los Angeles. Their Crestwood Hills is like no other place in the vast metropolis—its history is the result of the singular optimism that defined Southern California in the post-World War II era. A handful of the region's optimists banded together to form a cooperative intent on building a utopian community. And they did. Author Cory Buckner follows the Mutual Housing Association as it purchased the land, designed and built houses for its members, and faced mounting difficulties establishing a truly communal community. Buckner shares the dramatic ups and downs of Crestwood Hills as it made its way to becoming the only successful large-scale modern housing cooperative in the West. Buckner provides more than 200 vintage and contemporary images, documenting homes as they were in the beginning, complete with floor plans, and today, as the homes have evolved and become local landmarks. Cory Buckner is a practicing architect and author in the Los Angeles area. She has a degree in Fine Arts from Chouinard Art Institute and an M.Arch from UCLA. In 1994, she and her late husband, architect Nick Roberts, purchased one of the original homes in Crestwood Hills designed in 1949 by architects A. Quincy Jones, Whitney R. Smith and structural engineer Edgardo Contini. After restoring the house, she spearheaded a preservation movement in the neighborhood, which had at one time 150 houses by Jones, Smith, and Contini. Through her efforts, nineteen of the remaining original houses have been designated Historic/Cultural Monuments by the City of Los Angeles. She was awarded the Los Angeles Conservancy Preservation Award, "For the inspiring effort to protect and restore the original Mutual Housing Association homes in Crestwood Hills, preserving important examples of Southern California Modernism, and enhancing the sense of community in a unique neighborhood."

Eligible Oct 09 2020 NEW YORK TIMES BESTSELLER • Wonderfully tender and hilariously funny, *Eligible* tackles gender, class, courtship, and family as Curtis Sittenfeld reaffirms herself as one of the most dazzling authors writing today. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND THE TIMES (UK) This version of the Bennet family—and Mr. Darcy—is one that you have and haven't met before: Liz is a magazine writer in her late thirties who, like her yoga instructor older sister, Jane, lives in New York City. When their father has a health scare, they return to their childhood home in Cincinnati to help—and discover that the sprawling Tudor they grew up in is crumbling and the family is in disarray. Youngest sisters Kitty and Lydia are too busy with their CrossFit workouts and Paleo diets to get jobs. Mary, the middle sister, is earning her third online master's degree and barely leaves her room, except for those mysterious Tuesday-night outings she won't discuss. And Mrs. Bennet has one thing on her mind: how to marry off her daughters, especially as Jane's fortieth birthday fast approaches. Enter Chip Bingley, a handsome new-in-town doctor who recently appeared on the juggernaut reality TV dating show *Eligible*. At a Fourth of July barbecue, Chip takes an immediate interest in Jane, but Chip's friend neurosurgeon Fitzwilliam Darcy reveals himself to Liz to be much less charming. . . . And yet, first impressions can be deceiving. Praise for *Eligible* "Even the most ardent Austenite will soon find herself seduced." —O: The Oprah Magazine "Blissful. . . Sittenfeld modernizes the classic in such a stylish, witty way you'd guess even Jane Austen would be pleased." —People (book of the week) "[A] sparkling, fresh contemporary retelling." —Entertainment Weekly "[Sittenfeld] is the ideal modern-day reinterpreter. Her special skill lies not just in her clear, clean writing, but in her general amusement about the world, her arch, pithy, dropped-mike observations about behavior, character and motivation. She can spot hypocrisy, cant, self-contradiction and absurdity ten miles away. She's the one you want to leave the party with, so she can explain what really happened. . . . Not since *Clueless*, which transported Emma to Beverly Hills, has Austen been so delightfully interpreted. . . . Sittenfeld writes so well—her sentences are so good and her story so satisfying. . . . As a reader, let me just say: Three cheers for Curtis Sittenfeld and her astute, sharp and ebullient anthropological interest in the human condition." —Sarah Lyall, *The New York Times Book Review* "A clever, uproarious evolution of Austen's story." —The Denver Post "If there exists a more perfect pairing than Curtis Sittenfeld and Jane Austen, we dare you to find it. . . . Sittenfeld makes an already irresistible story even more beguiling and charming." —Elle "A playful, wickedly smart retelling of Jane Austen's *Pride and Prejudice*." —BuzzFeed "Sittenfeld is an obvious choice to re-create Jane Austen's comedy of manners. [She] is a master at dissecting social norms to reveal the truths of human nature underneath." —The Millions "A hugely entertaining and surprisingly unpredictable book, bursting with wit and charm." —The Irish Times "An unputdownable retelling of the beloved classic." —PopSugar

The Modern A-Frame Oct 28 2019 Midcentury spaces made new: A-Frame homes from rustic to ultra-modern, mountain retreats to seaside getaways. The A-Frame home surged in popularity in the 1950s, and has captured the public's imagination with its playfully modern, steep-sloping roofline ever since. The Modern A-Frame celebrates seventeen diverse accounts of these minimalist cabins reinvented for the twenty-first century. Nostalgic escapes, heritage homes, full-time simplicity, and artists at work categorize the A-frames whose engaging stories are shared. Whether fabricated from a 1960s kit or as a new build via retro inspiration, the variety of styles and homeowners in this photo-driven collection beautifully captures the romance of a classic structure, which beckons to travelers and homebuyers today, just as it did sixty years ago. Perfect for the architectural enthusiast, midcentury-minded designer, or armchair traveler. Ben Rahn has been photographing architecture and interiors for more than twenty years. He founded A-Frame Studio in 2003 out of a desire to combine his love of design with his keen photographic eye. His work has been recognized internationally and has appeared in publications such as *Dwell*, *Wallpaper*, *Conde Nast Traveller*, and more. He lives in Toronto, Canada.

California Design, 1930-1965 Living In a Modern Way Mar 14 2021 The first comprehensive examination of California's mid-century modern design, generously illustrated. In 1951, designer Greta Magnusson Grossman observed that California design was "not a superimposed style, but an answer to present conditions.... It has developed out of our own preferences for living in a modern way." California design influenced the material culture of the entire country, in everything from architecture to fashion. This generously illustrated book, which accompanies a major exhibition at the Los Angeles County Museum of Art, is the first comprehensive examination of California's mid-century modern design. It begins by tracing the origins of a distinctively California modernism in the 1930s by such European émigrés as Richard Neutra, Rudolph Schindler, and Kem Weber; it finds other specific design influences and innovations in solid-color commercial ceramics, inspirations from Mexico and Asia, new schools for design training, new concepts about leisure, and the conversion of wartime technologies to peacetime use (exemplified by Charles and Ray Eames's plywood and fiberglass furniture). The heart of California Design is the modern California home, famously characterized by open plans conducive to outdoor living. The layouts of modernist homes by Pierre Koenig, Craig Ellwood, and Raphael Soriano, for example, were intended to blur the distinction between indoors and out. Homes were furnished with products from Heath Ceramics, Van Keppel-Green, and Architectural Pottery as well as other, previously unheralded companies and designers. Many objects were designed to be multifunctional: pool and patio furniture that was equally suitable indoors, lighting that was both task and ambient, bookshelves that served as room dividers, and bathing suits that would turn into ensembles appropriate for indoor entertainment. California Design includes 350 images, most in color, of furniture, ceramics, metalwork, architecture, graphic and industrial design, film, textiles, and fashion, and ten incisive essays that trace the rise of the California design aesthetic. . . and fashion, and ten incisive essays that trace the rise of the California design aesthetic.P>California Design includes 350 images, most in color, of furniture, ceramics, metalwork, architecture, graphic and industrial design, film, textiles, and fashion, and ten incisive essays that trace the rise of the California design aesthetic.of wartime technologies to peacetime use (exemplified by Charles and Ray Eames's plywood and fiberglass furniture). **Fibonacci's Liber Abaci** Jun 04 2020 First published in 1202, Fibonacci's *Liber Abaci* was one of the most important books on mathematics in the Middle Ages, introducing Arabic numerals and methods throughout Europe. This is the first translation into a modern European language, of interest not only to historians of science but also to all mathematicians and mathematics teachers interested in the origins of their methods.

The Philosophy of Modern Song Oct 21 2021 The Philosophy of Modern Song is Bob Dylan's first book of new writing since 2004's *Chronicles: Volume One* -- and since winning the Nobel Prize for Literature in 2016. Dylan, who began working on the book in 2010, offers a masterclass on the art and craft of songwriting. He writes over 60 essays focusing on songs by other artists, spanning from Stephen Foster to Elvis Costello, and in between ranging from Hank Williams to Nina Simone. He analyzes what he calls the trap of easy rhymes, breaks down how the addition of a single syllable can diminish a song and even explains how bluegrass relates to heavy metal. These essays are written in Dylan's unique prose. They are mysterious and mercurial, poignant and profound, and often laugh-out-loud funny. And while they are ostensibly about music, they are really meditations and reflections on the human condition. Running throughout the book are nearly 150 carefully curated photos as well as a series of dream-like riffs that, taken together, resemble an epic poem and add to the work's transcendence. In 2020, with the release of his outstanding album *Rough and Rowdy Ways*, Dylan became the first artist to have an album hit the Billboard Top 40 in each decade since the 1960s. The Philosophy of Modern Song contains much of what he has learned about his craft in all those years and, like everything that Dylan does, it is a momentous artistic achievement.

Argentina May 16 2021 In the early 20th century, Argentina possessed one of the world's most prosperous economies, yet since then Argentina has suffered a series of boom-and-bust cycles that have seen it fall well behind its regional neighbours. At the same time, despite the lack of significant ethnic or linguistic divisions, Argentina has failed to create an over-arching post-independence national identity and its political and social history has been marred by frictions, violence and a 50-year series of military coups d'état. In this book, Jill Hedges analyses the modern history of Argentina from the adoption of the 1853 constitution until the present day, exploring political, economic and social aspects of Argentina's recent past in a study which will be invaluable for anyone interested in South American history and politics.
