Guitar for Beginners Nov 03 2022 It Took Me 3 Months to Play My First Song - But You'll Be Doing That in Less Than A Week. It wasn't because I was slow or bad at guitar. Neither was it because I practiced less. I was simply misguided - like every other person to ever pick up the guitar! I took the "traditional" method of learning where you learn all the chords and all the theory behind it before you get to the fun part. This also involves months of practice and learning boring theory. This book is here to end that - to simplify things - to make things so simple that you'll be playing your first melody on day 1 and your first song within 7 days. How can this book do that? You would have heard people say - "You need to learn theory to be a real guitarist" Well..... Wrong! Not everyone needs to know theory - why do you need to learn all the boring theory if it's of no use to you? Why is this forced upon all guitarists? This book cuts out all the cr*p and gives you a streamlined process of mastering guitar. Even if you failed every exam at school and you have never picked up a single instrument in your life, you will be able to become a proficient guitar player without years and years of expensive guitar lessons. With the right strategy, you will get addicted to your guitar and the songs you are able to play. How long will I have to practice? Now, I know you have other commitments in life and cannot spend 25 hours a day practicing guitar. No one wants to do that. This book has been designed with exactly that in mind. It will give you goals for each of your 7 days with step by step instructions on what to play each day. You won't have to worry if you're practicing too less or too much - the book will tell you what you need to be accomplishing each day. Commit a few hours a day for 7 days and you'll make your friends and family jealous when you pull your guitar out. It doesn't matter if you just enter primary school or you are about to retire. This calculation applies to all 6.8 billion people between 6 and 80 years of age in this world. In *Guitar for Beginners*, you'll discover: A practical day-by-day guide to own yourself and your guitar in less than 7 days How you be your guitar teacher and progress into the league of the big players The chords that will allow you to play your favorite songs A beyond beginners' guide to prepare you for your musical journey Free audio tracks to help you with the charts Real photos to make sure you are not making any mistakes as you go And much more. Many people buy a guitar and just look up their favorite songs on Youtube tutorials. Unfortunately, one of the most frustrating things about learning to play guitar is ironing out old mistakes. Don't skip the basics and pick up bad habits that will become almost impossible to break later. If you want to throw out your air guitar and impress everyone with your guitar skills, then scroll up and click the "Add to Cart" button right now.

Go for Beginners Sep 20 2021 Go is an ancient, subtly beautiful game of territory. But with its nearly endless possibilities and challenges, it is more than just another game; it is a way of life for tens of millions of players throughout the world. Embodying four thousand years of Oriental thought and culture, go is the oldest game in the world still played in its original form. Go is the kind of game that one can learn in a day—and spend a lifetime perfecting. It is more art than science: in order to surround and capture the opponent's territory, one needs intuition, flexibility, and acute perception combined with a sharp analytical mind. Each player is a partner in an exercise of coexistence; each player needs the other for self-enlightenment and for enjoyment. But then, too, go is a game whose strategy has been compared to the tactics of guerilla warfare. Go can be all things to all people; it is simple, elegant, and unexpectedly beautiful. This book contains an introduction; a brief example game; a clear, leisurely explanation of the rules; and illustrations of the simplest techniques of good play and of some easy and some more difficult problems the player will encounter. The appendixes include a concise list of rules, a glossary of technical terms, and a list of international and American go organizations. Among go players, Go for Beginners is known as the best beginner's book available.

America for Beginners Oct 29 2019 Recalling contemporary classics such as Americanah, Behold the Dreamers, and The Brief Wondrous Life of Oscar Wao, a funny, poignant, and insightful debut novel that explores the complexities of family, immigration, prejudice, and the American Dream through meaningful and unlikely friendships forged in unusual circumstances. Pival Sengupta has done something she never expected: she has booked a trip with the First Class India USA Destination Vacation Tour Company. But unlike other upper-class Indians on a foreign holiday, the recently widowed Pival is not interested in sightseeing. She is traveling thousands of miles from Kolkata to New York on a cross-country journey to California, where she hopes to uncover the truth about her beloved son, Rahi. A year ago Rahi devastated his very traditional parents when he told them he was gay. Then, Pival's husband, Ram, told her that their son had died suddenly—heartbreaking news she still refuses to accept. Now, with Ram gone, she is going to

America to find Rahi, alive and whole or dead and gone, and come to terms with her own life. Arriving in New York, the tour proves to be more complicated than anticipated. Planned by the company's indefatigable owner, Ronnie Munshi—a hard-working immigrant and entrepreneur hungry for his own taste of the American dream—it is a work of haphazard improvisation. Pival's guide is the company's new hire, the guileless and wonderfully resourceful Satya, who has been in America for one year—and has never actually left the five boroughs. For modesty's sake Pival and Satya will be accompanied by Rebecca Elliot, an aspiring young actress. Eager for a paying gig, she's along for the ride, because how hard can a two-week "working" vacation traveling across America be? Slowly making her way from coast to coast with her unlikely companions, Pival finds that her understanding of her son—and her hopes of a reunion with him—are challenged by her growing knowledge of his adoptive country. As the bonds between this odd trio deepens, Pival, Satya, and Rebecca learn to see America—and themselves—in different and profound new ways. A bittersweet and bighearted tale of forgiveness, hope, and acceptance, *America for Beginners* illuminates the unexpected enchantments life can hold, and reminds us that our most precious connections aren't always the ones we seek.
