**George Washington Carver** Aug 02 2022 "Children and adults alike love the popular Christian Heroes: Then & Now series. Now Christian Heroes authors Janet and Geoff Benge tell the stories of Heroes of History with the same engaging narrative style and historical depth! This new series brings the shaping of history to life with the remarkable true stories of fascinating men and women who changed the course of history. Once a kidnapped slave baby, George Washington Carver overcame poverty and racism to become and influential scientist (1864?-1943).

Carver Nov 05 2022 Newbery Honor Book National Book Award finalist Coretta Scott King Author Honor Book Boston Globe-Horn Book Award Flora Stieglitz Straus Award Beautiful verse explores agricultural scientist George Washington Carver's life and many achievements, from his work as a botanist and inventor to his unsung gifts as a painter,

musician, and teacher. George Washington Carver was determined to help the people he loved. Born a slave in Missouri, he left home in search of an education, eventually earning his master's degree. When Booker T. Washington invited Carver to start the agricultural department at the all-black-staffed Tuskegee Institute, Carver truly found his calling. He spent the rest of his life seeking solutions to the poverty among landless Black farmers by developing new uses for soil-replenishing crops such as peanuts, cowpeas, and sweet potatoes. This STEAM biography reveals Carver's complex and profoundly devout life. *The Mask Carver's Son* Apr 17 2021 1890. Yamamoto Kiyoki is a Japanese art student, dreaming of studying in Paris with the inspiring and vibrant Impressionist painters. Yamamoto Ryusei is Kiyoki's father. Ryusei's art, carving intricate masks for traditional Japanese theater, has been his refuge from loneliness since the death of his beloved wife, and he is revered as the most inspired artist of his kind. He expects his only son to honor the traditions of his family and his country, not to be seduced by Western ideas of what is beautiful. Ryusei hopes Kiyoki will follow his own distinguished career, creating masks that will become the family's crowning achievement. But what is a father to do when his son's path is not what he had planned? And how can a son honor his father, and yet fulfill his own destiny? READERS GUIDE INSIDE

A Picture Book of George Washington Carver Feb 25 2022 Born a slave, he became a leading scientist. This is the inspiring story of the pioneering African-American teacher, scientist, and artist. Carver is perhaps best known for his scientific work with peanuts and sweet potatoes (and for inventing peanut butter!), but Time magazine also called him the "Black Leonardo" for his painting. Adler tells of Carver's work at the Tuskegee Institute with Booker T. Washington, his hard childhood, and his determination to learn despite many obstacles. A man of deep faith, Carver worked throughout his life to create scientific discoveries that would improve the lives of Southerners--especially African Americans. The colorful illustrations show Carver in all stages of his life and give children insight to Carver's world. For almost thirty years, David Adler's Picture Book Biography series has profiled famous people who changed the world. Colorful, kid-friendly illustrations combine with Adler's "expert mixtures of facts and personality" (Booklist) to introduce young readers to history through compelling biographies of presidents, heroes, inventors, explorers, and adventurers. These books are ideal for first and second graders interested in history, or who need reliable sources for school book reports.

*Jane Carver of Waar* Dec 26 2021 Jane Carver is nobody's idea of a space princess. A hard-ridin', hard-lovin' biker chick and ex-Airborne Ranger, Jane is as surprised as anyone else when, on the run from the law, she ducks into the wrong cave at the wrong time-and wakes up butt-naked on an exotic alien planet light-years away from everything she's ever known. Waar is a savage world of four-armed tiger-men, sky-pirates, slaves, gladiators, and purple-skinned warriors in thrall to a bloodthirsty code of honor and chivalry. Caught up in a disgraced nobleman's quest to win back the hand of a sexy alien princess, Jane encounters bizarre wonders and dangers unlike anything she ever ran into back home. Then again, Waar has never seen anyone like Jane before... Both a loving tribute and scathing parody of the swashbuckling space fantasies of yore, *Jane Carver of Waar* introduces an unforgettable new science fiction heroine.

**Carver** Jul 09 2020 "Carver" es una novela en movimiento, que nunca se detiene. Más como un recorte caprichoso de la vida que un argumento canónico, las casualidades hacen que los personajes se crucen en un momento y un lugar determinado, y que ese encuentro marque el camino a seguir. Un profesor de literatura, una adolescente marginal y un enano son los personajes que, unidos por la impostergable necesidad de alguna búsqueda, se embarcan en una aventura sin sentido. Y en esa búsqueda, en ese recorrido que los llevará de Bariloche a Burzaco, se irán descubriendo a sí mismos y al mundo que los rodea. Recuperando y perdiendo la fe en cada episodio, en cada acto delictivo, que los pondrá, incluso, de cara a la muerte. "Carver" es, básicamente, una novela policial negra, plagada de guiños al lector, conversaciones con otros textos y vínculos con la música y el cine.

*George Washington Carver* Mar 17 2021 A black man praised by white America-George Washington Carver (1864-1943) was an anomaly in his own time. Now available in paperback, this choice selection of Carver's writings reveals the human side of the famous black scientist, as well as the forces that shaped his creative genius.

**George Washington Carver** Apr 29 2022 A biography of the African American scientist describes how he overcame tremendous hardship to receive a college education and make important discoveries in the field of agriculture.

*Short Cuts* Dec 14 2020 The nine stories and one poem collected in this volume formed the basis for the astonishingly original film "Short Cuts" directed by Robert Altman. Collected altogether in this volume, these stories form a searing and indelible portrait of American innocence and loss. From the collections *Will You Please Be Quiet, Please?*, *Where I'm Calling From*, *What We Talk About When We Talk About Love*, and *A New Path to the Waterfall*; including an introduction by Robert Altman. With deadpan humor and enormous tenderness, this is the work of "one of the true contemporary masters" (The New York Review of Books).

**Reading Raymond Carver** Nov 12 2020 In this study of the late, lamented writer (d. 1988), Runyon reveals an ambitious metafiction beneath the terse style of Carver's works and places Carver squarely in the context of the minimalist debate. Foreword by Stephen Dobyns. Annotation copyrighted by Book News, Inc., Portland, OR

**My Work Is That of Conservation** May 19 2021 Hersey shows that in the hands of pioneers like Carver, Progressive Era agronomy was actually considerably "greener" than is often thought today. He uses Carver's life story to explore aspects of southern environmental history and to place this important scientist within the early conservation movement.

**George Washington Carver** Sep 10 2020 Christian Encounters, a series of biographies from Thomas Nelson Publishers, highlights important lives from all ages and areas of the Church. Some are familiar faces. Others are unexpected guests. But all, through their relationships, struggles, prayers, and desires, uniquely illuminate our shared experience. A

generation of 20th-century Americans knew him as a gentle, stoop-shouldered old black man who loved plants and discovered more than a hundred uses for the humble peanut. George Washington Carver goes beyond the public image to chronicle the adventures of one of history's most inspiring and remarkable men. George Washington Carver was born a slave. After his mother was kidnapped during the Civil War, his former owners raised him as their own child. He was the first black graduate of Iowa State, and turned down a salary from Thomas Edison higher than the U.S. President to stay at the struggling Tuskegee Institute, where he taught and encouraged poor black students for nearly half a century. Carver was an award-winning painter and acclaimed botanist who saw God the Creator in all of nature. The more he learned about the world, the more convinced he was that everything in it was a gift from the Almighty, that all people were equal in His sight, and that the way to gain respect from his fellow man was not to demand it, but to earn it.

**George Washington Carver** Jan 27 2022 Nearly every American can cite at least one of the accomplishments of George Washington Carver. The many tributes honoring his contributions to scientific advancement and black history include a national monument bearing his name, a U.S.-minted coin featuring his likeness, and induction into the National Inventors Hall of Fame. Born into slavery, Carver earned a master's degree at Iowa State Agricultural College and went on to become that university's first black faculty member. A keen painter who chose agricultural studies over art, he focused the majority of his research on peanuts and sweet potatoes. His scientific breakthroughs with the crops—both of which would replenish the cotton-leached soil of the South—helped spare multitudes of sharecroppers from poverty. Despite Carver's lifelong difficulties with systemic racial prejudice, when he died in 1943, millions of Americans mourned the passing of one of the nation's most honored and well-known scientists. Scores of children's books celebrate the contributions of this prolific botanist, but no biographer has fully examined both his personal life and career until now. Christina Vella offers a thorough biography of George Washington Carver, including in-depth details of his relationships with his friends, colleagues, supporters, and those he loved. Despite the exceptional trajectory of his career, Carver was not immune to the racism of the Jim Crow era or the privations and hardships of the Great Depression and two world wars. Yet throughout this tumultuous period, his scientific achievements aligned him with equally extraordinary friends, including Teddy Roosevelt, Mohandas Gandhi, Henry A. Wallace, and Henry Ford. In pursuit of the man behind the historical figure, Vella discovers an unassuming intellectual with a quirky sense of humor, striking eccentricities, and an unwavering religious faith. She explores Carver's anguished dealings with Booker T. Washington across their nineteen years working together at the Tuskegee Institute—a turbulent partnership often fraught with jealousy. Uneasy in personal relationships, Carver lost one woman he loved to suicide and, years later, directed his devotion toward a white man. A prodigious and generous scholar whose life was shaped by struggle and heartbreak as well as success and fame, George Washington Carver remains a key figure in the history of southern agriculture, botanical advancement, and the struggle for civil rights. Vella's extensively researched biography offers a complex and compelling portrait of one of the most brilliant men of the last century.

**Death of a Pumpkin Carver** Aug 29 2019 For Hayley Powell, food and cocktails columnist for the Island Times, Halloween is all about costume parties and holiday

treats—until a killer crashes the party... This Halloween, Hayley can't imagine a worse trick than her ex-husband Danny returning to Bar Harbor. Her kids may be happy to see their dad, but Hayley's determined not to be taken in by his charms, and suspects he's in financial trouble—again. Still, the haunted holiday is about to get a whole lot scarier after Danny's moonshine-making uncle is found lying dead next to a tombstone in a cemetery—and Danny quickly becomes the prime suspect. To prove her ex is innocent, Hayley will have to dig deep into her own bag of tricks to unmask the real culprit . . . before anyone else—including her—ends up in the graveyard... Includes seven delectable recipes from Hayley's kitchen! Praise for *Death of a Cupcake Queen* "The real treat is the author's skill at writing witty, light-hearted humor, which makes this series truly shine."—RT Book Reviews

**George Washington Carver** Jan 03 2020 Rhyming text describes the life of George Washington Carver.

**George Washington Carver** Oct 12 2020 Chronicles the life of George Washington Carver, from his birth into slavery to his education, his legendary research in biology and agriculture, and his career at the Tuskegee Institution in Alabama.

*Where I'm Calling From* Jun 07 2020 By the time of his early death in 1988, Raymond Carver had established himself as one of the great practitioners of the American short story, a writer who had not only found his own voice but imprinted it in the imaginations of thousands of readers. *Where I'm Calling From*, his last collection, encompasses classic stories from *Cathedral*, *What We Talk About When We Talk About Love*, and earlier Carver volumes, along with seven new works previously unpublished in book form. Together, these 37 stories give us a superb overview of Carver's life work and show us why he was so widely imitated but never equaled.

*Call If You Need Me* Oct 24 2021 An anthology of prose by the late author of *All of Us* includes all of the prose collected in *No Heroics*, *Please*, four essays from *Fires*, and five short stories, found among Carver's papers a decade following his death. Original. 17,500 first printing.

**George Washington Carver** Oct 31 2019 Chronicles the life and career of the slave-turned-agricultural scientist.

**George Washington Carver** Jul 29 2019 She also sets out how these roles served both whites and blacks; reminds the reader of Carver's personal and circumstantial reasons for not demurring; and reaffirms, in particular, his impact on individuals (prominent among whom was Southern radical Howard Kester--viz. Anthony Dunbar's *Against the Grain*, above). An intellectually satisfying study and no less an affecting biography.

*Carver* Mar 29 2022 The mention of Carver usually conjures up images of cranberries and brilliant red bogs. In the 1800s, immigrants from Finland and the Cape Verde Islands came to Carver as cranberry harvesters and later became prominent residents and owners of their own bogs. By 1940, more cranberries came from Carver than from any other town. While much of Carver's infrastructure and industry was driven by the berries, the discovery of iron ore and construction of several foundries also had great influence. Through historical images gathered from the public library and local residents, Carver chronicles the growth of the town; various industries; landmarks such as Savery Avenue, Union Church, and the Edaville Railroad; and Old Home Day, a one-hundred-year-old tradition.

Ultramarine Sep 30 2019 One of Raymond Carver's final collections of poetry, moving from the beauty of the natural world to thoughts of mortality and family and art.

Throughout, Carver "has the astonished, chastened voice of a person who has survived a wreck, as surprised that he had a life before it as that he has one afterward, willing to remember both sides" (The New York Times Book Review).

Who Was George Washington Carver? Oct 04 2022 George Washington Carver was a young boy from Missouri born into slavery. No one expected him to succeed because slaves were not allowed to be educated. After the Civil War, he enrolled in classes and was a star student. He became the first black student at Iowa State Agricultural College and later its first black professor. He went on to the Tuskegee Institute where he specialized in botany (the study of plants) and developed techniques to grow crops better. He was also an inventor who developed hundreds of household products and recipes using peanuts.

**Soulful Simplicity** Jan 15 2021 Courtney Carver shows us the power of simplicity to improve our health, build more meaningful relationships, and relieve stress in our professional and personal lives. We are often on a quest for more—we give in to pressure every day to work more, own more, and do more. For Carver, this constant striving had to come to a stop when she was diagnosed with Multiple Sclerosis (MS). Stress was like gasoline on the fire of symptoms, and it became clear that she needed to root out the physical and psychological clutter that were the source of her debt and discontent. In this book, she shows us how to pursue practical minimalism so we can create more with less—more space, more time, and even more love. Carver invites us to look at the big picture, discover what's most important to us, and reclaim lightness and ease by getting rid of all the excess things.

The Green Vision of Henry Ford and George Washington Carver Jun 19 2021 Henry Ford and George Washington Carver had a unique friendship and a shared vision. This book details their paths to "green" manufacturing and the start of the chemurgic movement in America. It covers a number of little known projects such as their efforts to use ethanol as a national fuel, the use of soybeans for plastic production, and the use of waterpower for factories. This study of their collaboration shows how capitalism can drive the green movement and expand American industry.

*All of Us* Sep 22 2021 This prodigiously rich collection suggests that Raymond Carver was not only America's finest writer of short fiction, but also one of its most large-hearted and affecting poets. Like Carver's stories, the more than 300 poems in *All of Us* are marked by a keen attention to the physical world; an uncanny ability to compress vast feeling into discreet moments; a voice of conversational intimacy, and an unstinting sympathy. This complete edition brings together all the poems of Carver's five previous books, from *Fires* to the posthumously published *No Heroics, Please*. It also contains bibliographical and textual notes on individual poems; a chronology of Carver's life and work; and a moving introduction by Carver's widow, the poet Tess Gallagher.

*The Secret Garden of George Washington Carver* Nov 24 2021 The inspirational story of George Washington Carver and his childhood secret garden is brought to life in this picture book biography by the author-illustrator team behind *Muhammad Ali: A Champion Is Born*. When George Washington Carver was just a young child, he had a secret: a garden of his own. Here, he rolled dirt between his fingers to check if plants needed more rain or sun. He

protected roots through harsh winters, so plants could be reborn in the spring. He trimmed flowers, spread soil, studied life cycles. And it was in this very place that George's love of nature sprouted into something so much more--his future. Gene Barretta's moving words and Frank Morrison's beautiful paintings tell the inspiring life and history of George Washington Carver, from a baby born into slavery to celebrated botanist, scientist, and inventor. His passion and determination are the seeds to this lasting story about triumph over hardship--a tale that begins in a secret garden. \* A Texas Bluebonnet Award Book of the Year \*

Dog Days Aug 22 2021 Gavin wants to make a good impression at Carver Elementary, where no one knows he excels at soccer and skateboarding, but an annoying big sister, a bully, and his great aunt's Pomeranian are not helping.

George Washington Carver Sep 03 2022 Introducing Smart About Scientists! These books feature fascinating biographical information about the world's greatest scientists, ideas on scientific thinking, and real science experiments kids can try at home. Annie Marcus is just nuts about peanut butter! When Annie finds out that George Washington Carver was responsible for the popularity of peanuts, she picks him for her scientist report. Annie learns all sorts of fascinating info-George Washington Carver was born into slavery, but his dedication and unquenchable thirst for knowledge drove him to become a professor at a time when most institutions of higher learning were closed to blacks. This title explores Carver's brilliant career and discoveries, as well as his triumph over segregation to become one of the world's most renowned plant experts. Illustrated by Jill Weber.

*Where Water Comes Together with Other Water* Jun 27 2019 Winner of Poetry Magazine's Levinson Prize, an illuminating collection from the middle of his career, Raymond Carver's poems "function as distilled, heightened versions of his stories, offering us fugitive glimpses of ordinary lives on the edge" (Michiko Kakutani, The New York Times).

*Raymond Carver* May 31 2022 The first biography of America's best-known short story writer of the late twentieth century. The London Times called Raymond Carver "the American Chekhov." The beloved, mischievous, but more modest short-story writer and poet thought of himself as "a lucky man" whose renunciation of alcohol allowed him to live "ten years longer than I or anyone expected." In that last decade, Carver became the leading figure in a resurgence of the short story. Readers embraced his precise, sad, often funny and poignant tales of ordinary people and their troubles: poverty, drunkenness, embittered marriages, difficulties brought on by neglect rather than intent. Since Carver died in 1988 at age fifty, his legacy has been mythologized by admirers and tainted by controversy over a zealous editor's shaping of his first two story collections. Carol Sklenicka penetrates the myths and controversies. Her decade-long search of archives across the United States and her extensive interviews with Carver's relatives, friends, and colleagues have enabled her to write the definitive story of the iconic literary figure. Laced with the voices of people who knew Carver intimately, her biography offers a fresh appreciation of his work and an unbiased, vivid portrait of the writer.

**The Carver Target Analysis and Vulnerability Assessment Methodology** May 07 2020

Cathedral Feb 13 2021 Raymond Carver's third collection of stories, a finalist for the Pulitzer Prize, including the canonical titular story about blindness and learning to enter the very different world of another. These twelve stories mark a turning point in Carver's work

and “overflow with the danger, excitement, mystery and possibility of life. . . . Carver is a writer of astonishing compassion and honesty. . . . his eye set only on describing and revealing the world as he sees it. His eye is so clear, it almost breaks your heart” (Jonathan Yardley, Washington Post Book World).

**Carver Country** Feb 02 2020 Uses photographs and selections from the poems, short stories, and letters of Raymond Carver to depict his life and his outlook on the world

*George Washington Carver* Dec 02 2019 Illustrated with historical artifacts and photographs, a fresh look at a pioneering American innovator traces Carver's life, discoveries, and legacy as the first African-American to attend Iowa State College and as an inspirational conservationist.

**The Man Who Talks With The Flowers-The Intimate Life Story of Dr. George Washington Carver** Mar 05 2020 2011 reprint of 1939 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. George Washington Carver (1864-1943) was an American scientist, botanist, educator and inventor. Much of Carver's fame is based on his research into and promotion of alternative crops to cotton, such as peanuts and sweet potatoes. He wanted poor farmers to grow alternative crops both as a source of their own food and as a source of other products to improve their quality of life. The most popular of his 44 practical bulletins for farmers contained 105 food recipes that used peanuts. He also promoted about 100 products made from peanuts that were useful for the house and farm, including cosmetics, dyes, paints, plastics, gasoline, and nitroglycerin. In addition to his work on agricultural extension education for purposes of advocacy of sustainable agriculture and appreciation of plants and nature, Carver's important accomplishments also included improvement of racial relations, mentoring children, poetry, painting, and religion. He served as an example of the importance of hard work, a positive attitude, and a good education. His humility, humanitarianism, good nature, frugality, and rejection of economic materialism also have been admired widely. This is the story of Glenn Clark's friendship with Carver.
