*Answers to Questions You've Never Asked* Sep 19 2021 The #1 bestselling trivia collection with bizarre facts to entertain you for hours, from the creator of YouTube's RealLifeLore. Where can I move to so that I'm never tempted by McDonald's again? How far into the Pacific does Trump's wall stretch? If Plato came back to life, what would he think of modern democracy? Why do all empires fail? Who decides what countries are allowed to participate in the Olympics? What makes Finland so great? When you take the most absurd parts of history, science, economics, and geography, you end up with a pretty confusing picture of humanity. Why do we have borders, what's the furthest you can get from the ocean, how do you qualify as a country, and why did Vikings wear those silly helmets? These are just a few of the strange questions that bounce around the head of YouTube sensation Joseph Pienti, aka RealLifeLore. In his debut book, Pienti explores the nonsensical humor of the universe with in-depth analysis of empires, economies, and ecosystems as he helps answer the ridiculous. Why, you ask? Because someone has to. Using line drawings, graphs, and charts, Pienti not only details the absurd—he also provides explanations on why things are . . . and why they aren't.

**Frequently Asked Questions about the Universe** Oct 01 2022 "Delightful, funny, and yet rigorous and intelligent: only Jorge and Daniel can reach this exquisite balance." —Carlo Rovelli, author of *Seven Brief Lessons on Physics* and *Helgoland* You've got questions: about space, time, gravity, and the odds of meeting your older self inside a wormhole. All the answers you need are right here. As a species, we may not agree on much, but one thing brings us all together: a need to know. We all wonder, and deep down we all have the same big questions. Why can't I travel back in time? Where did

the universe come from? What's inside a black hole? Can I rearrange the particles in my cat and turn it into a dog? Researcher-turned-cartoonist Jorge Cham and physics professor Daniel Whiteson are experts at explaining science in ways we can all understand, in their books and on their popular podcast, Daniel and Jorge Explain the Universe. With their signature blend of humor and oh-now-I-get-it clarity, Jorge and Daniel offer short, accessible, and lighthearted answers to some of the most common, most outrageous, and most profound questions about the universe they've received. This witty, entertaining, and fully illustrated book is an essential troubleshooting guide for the perplexing aspects of reality, big and small, from the invisible particles that make up your body to the identical version of you currently reading this exact sentence in the corner of some other galaxy. If the universe came with an FAQ, this would be it.

Stop Asking Questions May 28 2022 A veteran podcast host shows you how to lead dynamic interviews with people you admire - whether you're a podcaster, journalist, entrepreneur, or lifelong learner. Andrew Warner has interviewed over 2,000 entrepreneurs to uncover the secrets behind their success. But over the years, he's learned something much more valuable: How to learn anything from anyone through high-impact interviewing. Great interviewing is more than just asking questions. To do it right, you need to be part therapist, part researcher, and part storyteller. After a decade of crafting his interviewing style, Warner shares his best strategies and tactics to help anyone lead deeper, more meaningful conversations with people they admire. Every

ambitious person should add interviewing to their learning stack. Whether your goal is to start a podcast, grow your business, or build relationships with the world's most successful people, "Stop Asking Questions" will show you the way.

### **The 21 Toughest Questions Your Kids Will Ask about Christianity** Apr 26 2022

University apologist, director, and popular speaker Alex McFarland has spent the last two decades answering questions about Christian worldview and the Bible from children, teens, and parents. In *The 21 Toughest Questions Your Kids Will Ask about Christianity*, he summarizes questions today's children and teens are asking about God, the Bible, and the problem of evil. Alex's experiences have taught him that how adults answer questions about God is as important as, if not more important than, what kids ask. He provides parents with teaching strategies that will help them reach their children intellectually and spiritually. Today's kids and teens are looking for authenticity, integrity, and straightforward truth. Alex comes alongside parents and gives them tools to effectively answer not only their children's toughest academic questions but also the questions that plague their hearts.

Asking Smarter Questions Dec 23 2021 Insight is the superpower that drives innovation and enables us to understand the world from other peoples' points of view, be they customers or colleagues, advocates or competitors. This new book from data storyteller Sam Knowles explains how to ask smarter questions – questions that, by design, stimulate more useful answers. This is the shortcut to better productivity, fast-tracked innovation, and organisational success – for businesses, universities, charities, and governments. For too long, the simple act of asking questions has been overlooked as almost too trivial to contemplate. Asking Smarter Questions seeks to champion the art of curiosity by setting out a framework to make every question count. The fundamental building blocks of insight are data and information, joined together in new and often

unpredictable ways. The way we surface new data and information and make meaningful connections between data points is by asking smarter questions. By taking this approach, you can make your organisation a less confrontational, more collaborative, and more productive environment in which to work – particularly in the more distributed and remote settings that will characterise the 2020s. Managers, directors, and leaders will find the universal principles, expert interviews, and data-driven recommendations a source of inspiration to share with their teams. Asking Smarter Questions is aimed at professionals in businesses and organisations across all sectors, and will help those working in many functions, including market research, intelligence, insight, analytics, strategy, marketing, communications, planning, product development, and innovation.

*A More Beautiful Question* Mar 02 2020 To get the best answer-in business, in life-you have to ask the best possible question. Innovation expert Warren Berger shows that

ability is both an art and a science. It may be the most underappreciated tool at our disposal, one we learn to use well in infancy-and then abandon as we grow older. Critical to learning, innovation, success, even to happiness-yet often discouraged in our schools and workplaces-it can unlock new business opportunities and reinvent industries, spark creative insights at many levels, and provide a transformative new outlook on life. It is the ability to question-and to do so deeply, imaginatively, and “beautifully.” In this fascinating exploration of the surprising power of questioning, innovation expert Warren Berger reveals that powerhouse businesses like Google, Nike, and Netflix, as well as hot Silicon Valley startups like Pandora and Airbnb, are fueled by the ability to ask fundamental, game-changing questions. But Berger also shares human stories of people using questioning to solve everyday problems-from “How can I adapt my career in a time of constant change?” to “How can I step back from the daily rush and figure out what really makes me happy?” By showing how to approach questioning with an open, curious mind and a willingness to work through a series of “Why,” “What if,” and “How” queries, Berger offers an inspiring framework of how we can all arrive at better solutions, fresh possibilities, and greater success in business and life.

## **Frequently Asked Questions About Wii and Video Game Injuries and Fitness** Dec

31 2019 Who would ever have imagined that the typically sedentary pleasures of video games would become responsible for sparking a growing trend towards movement-based and fitness-oriented home entertainment programs? With the introduction of Nintendo's Wii and other, similar game systems, Americans are suddenly hoisting themselves off their couches, grabbing a console, and getting heart-healthy workouts--all while remaining in front of their TV screens and having a blast. Early reports indicate the health benefits of these activity- and fitness-based video games are considerable. Yet there have also been reports of certain kinds of injuries peculiar to Wii and similar game systems. This book sorts out the reality from the hype and shows how you can minimize the likelihood of injury while maximizing your fitness—and fun—levels. Includes some common myths and facts about video game fitness and injuries and ten great questions to ask a doctor.

*Questions Children Ask and How to Answer Them* Mar 26 2022 Where did I come from? What happens when you die? What's divorce? From the moment children can formulate questions they begin to bombard their parents with "Why?" "What?" "Where" and "How?" Naturally curious they often catch us off guard leaving us unsure of how to answer their questions with an appropriate response. Fully revised and updated for the digital age, this new edition of Dr Miriam Stoppard's essential parenting manual provides age-appropriate answers to a huge range of challenging questions. Drawing

from extensive research in child development and specifically on what children can handle at each age, Stoppard offers parents a foundation on which they can build their own answers as their child's understanding expands.

**Change Your Questions, Change Your Life** Dec 11 2020 The first edition of Marilee Adams's book introduced a surprising, life-altering truth: any of us can literally change our lives simply by changing the questions we ask, especially those we ask ourselves. We can ask questions that open us to learning, connection, satisfaction, and success. Or we can ask questions that impede progress and keep us from getting results we want. Asking "What great things could happen today?" creates very different expectations, moods, and energy than asking "What could go wrong today?" Many readers reported that they found themselves asking better questions before they even finished reading the book! This is the key insight that the book's hero, Ben Knight, learns from his executive coach as the story of his transformative journey unfolds, eventually leading to breakthroughs that save his career as well as his marriage. His success rests on having become a "question man" and an inquiring leader rather than a judgmental, know-it-all answer man. In this extensively revised second edition, Adams has made the story even more illuminating and helpful, adding three new chapters as well as three powerful new tools. *Change Your Questions, Change Your Life* is practical yet simple, giving readers an entertaining, step-by-step guide to a technique that will transform their personal and professional lives. Great results really do begin with great questions -

Marilee Adams shows you how to ask them!

*Questions about the Holy Spirit* Aug 26 2019 Every person in the world has felt the influence of the Holy Spirit at one time or another. For some, it's the conviction of "sin and righteousness and judgment" (John 16:8). For others, it's the comfort, guidance, and strength He gives. To some, the Spirit is as mysterious and unknowable as a night wind passing through the treetops. To others, He is as close and inviting as a friend across the table. But even those who know the Holy Spirit personally have questions about Him. As Oswald Chambers said, "The Spirit is the first power we practically experience, but the last power we come to understand." That's the reason for this book. What gifts does the Spirit give? How can I be filled with the Spirit? Will the Spirit ever leave me? We've received all these questions and more since GotQuestions.org was founded in 2002. To find the answers, we opened the Bible, the one book inspired by the Holy Spirit Himself. In searching the Scriptures, we learn of the Spirit's nature, His work, and His will. May the Holy Spirit use the questions and answers in this volume to increase your awareness of His presence, encourage your heart, and empower your

faith.

**Questions Asked** Nov 02 2022 A picture book with fundamental philosophical questions, posed in a way only Jostein Gaarder is capable of. The illustrator has made an independent visual narrative that underscores the existential aspect of Jostein Gaarder's philosophical questions. Questions Asked shows confidence in a child's capacity to think deeply and read between the lines. The book follows a little boy traveling alone in an open landscape. Soon we realize he is on a journey of thoughts and dreams, asking questions about loss, myth, language, magic, and what it means to be a human being. Jostein Gaarder's philosophical questions merge with the beautiful illustrations of Akin Düzakin into a tale of friendship, love, and grief - and about daring to think about life as you live it.
