**Building a Special with Ant Anstead Master Mechanic** Sep 19 2021 Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.

**Handbook of Systemic Approaches to Psychotherapy Manuals** Nov 29 2019 This handbook examines the development and use of manuals to guide and support systemic couples and family therapies. It addresses the process of manualizing, providing a secure base for therapist creativity rather than delineating prescriptive procedures. The volume addresses therapist and trainer concerns by demonstrating the value of sufficiently articulating clinical and teaching models to inform colleagues of what actually occurs during therapy. The book describes the history, value, and controversies of manuals. In addition, it explores issues and experiences in the creation of manuals, identifies research issues related to the use and evaluation of manuals, and addresses training as a context for the application of treatment manuals. Key areas of coverage include: Reports of experiences with major, internationally established manuals, formulations of innovative practices by their developers, and specifications of training programs. Discussion of the various formats of manuals, demonstrating their benefit and transportability across different contexts. Surveys of a broad selection of manuals, creating a flexible and diversified concept of what forms manuals may take. Essential

guidance for using manuals, which is an indispensable step for the field to progress and to claim to health resource commissioning, governments and insurance agencies that the systemic practice is evidence based and effective. The Handbook of Systemic Approaches to Psychotherapy Manuals is an essential resource for researchers, professors, and graduate students as well as clinicians and related therapists and professionals in clinical psychology, family studies, public health, social work, psychotherapy, child and adolescent psychology and all interrelated disciplines.

**Adolescent-Focused Therapy for Anorexia Nervosa** Jun 24 2019 From pioneering family-based treatment developer James Lock, this is the first comprehensive guide to adolescent-focused therapy (AFT) for anorexia nervosa (AN), an evidence-based individual approach. AFT is an effective alternative to family-based treatment that may be a better fit for some patients. Lock explains how AN serves as a maladaptive response to developmental challenges of adolescence. He presents a manualized framework for helping adolescents find more adaptive coping strategies, manage difficult emotions, and develop greater autonomy and a stronger sense of self, while reducing risky behaviors and restoring weight. AFT emphasizes the therapist-patient alliance and involves parents in a supportive role. Rich case material and sample dialogues illustrate how to implement each phase of the approach. AFT is recognized as a best practice for the treatment of anorexia nervosa in adolescents by the U.K. National Institute for Health and Care Excellence (NICE).
