[The Last Man Annotated](#) Aug 26 2022 The Last Man is an apocalyptic science fiction novel. The book tells of a future world (the first-person narrative is that of a man living at the end of the 21st century) that has been ravaged by a plague. The novel was harshly reviewed at the time, and was virtually unknown until a scholarly revival beginning in the 1960s. **Frankenstein** Nov 17 2021 "Created by Harvard students for students everywhere, SparkNotes give you just what you need to

succeed in school. Frankenstein: This SparkNote features explanations of key themes, motifs, and symbols including: Texts, sublime nature, monstrosity, dangerous knowledge, passive women, abortion. It also includes detailed analysis of these important characters: Victor Frankenstein; the Monster; Robert Walton."--Back cover. [Mathilda](#) May 23 2022 But my father, my beloved and most wretched father... Would he never overcome the fierce passion that now held pitiless dominion over him? With its

shocking theme of father-daughter incest, Mary Shelley's publisher—her father, known for his own subversive books—not only refused to publish Mathilda, he refused to return her only copy of the manuscript, and the work was never published in her lifetime. His suppression of this passionate novella is perhaps understandable—unlike her first book, Frankenstein, written a year earlier, Mathilda uses fantasy to study a far more personal reality. It tells the story of a young woman whose mother died in her childbirth—just as

Shelley's own mother died after hers—and whose relationship with her bereaved father becomes sexually charged as he conflates her with his lost wife, while she becomes involved with a handsome poet. Yet despite characters clearly based on herself, her father, and her husband, the narrator's emotional and relentlessly self-examining voice lifts the story beyond autobiographical resonance into something more transcendent: a driven tale of a brave woman's search for love, atonement, and redemption. It took more than a century before the manuscript Mary Shelley gave her father was rediscovered. It is published here as a stand-alone volume for the first time. The Art of The Novella Series Too short to be a novel, too long to be a short story, the novella is generally unrecognized by academics and publishers. Nonetheless, it is a form beloved and practiced by literature's greatest writers. In the Art Of The Novella series, Melville House celebrates this renegade art form and its practitioners with titles that are, in many instances, presented in book form for the first time.

Study Guide Feb 20 2022 SuperSummary, a modern alternative to SparkNotes and CliffsNotes, offers high-quality study guides for challenging works of literature. This 92-page guide for "Frankenstein" by Mary Shelley includes detailed chapter summaries and analysis covering 24 chapters, as well as several more in-depth sections of expert-written literary analysis. Featured content includes commentary on major characters, 25 important

quotes, essay topics, and key themes like The Dangers of Knowledge and The Definition of Humanity.

The Art of Travel Apr 10 2021 Any Baedeker will tell us where we ought to travel, but only Alain de Botton will tell us how and why. With the same intelligence and insouciant charm he brought to *How Proust Can Save Your Life*, de Botton considers the pleasures of anticipation; the allure of the exotic, and the value of noticing everything from a seascape in Barbados to the takeoffs at Heathrow. Even as de Botton takes the reader along on his own peregrinations, he also cites such distinguished fellow-travelers as Baudelaire, Wordsworth, Van Gogh, the biologist Alexander von Humboldt, and the 18th-century eccentric Xavier de Maistre, who catalogued the wonders of his bedroom. *The Art of Travel* is a wise and utterly original book. Don't leave home without it.

The Last Man: a Classic Horror Novel Apr 22 2022 Buy this Classic Bestseller in its original format in this new series of bestselling classic paperback reprints! Welcome to a special edition of a renowned classic. This classic, difficult-to-find text has been reprinted using a print-on-demand service to provide you with an updated version of the text, at the best value possible! Several edits have been made for readability, including font, text size, spacing, and alignment changes. However, while our goal was to enhance the ease at which this book can be read, we did not alter or change

the historic text. Experience this classic in all of its glory and historical significance! This is a bestselling bestseller that you need to read today!

Mary Who Wrote Frankenstein Mar 21 2022 The inspiring story of the girl behind one of the greatest novels -- and monsters -- ever, perfectly timed for the 200th anniversary of the publication of *Frankenstein*. For fans for picture book biographies such as *I Dissent* or *She Persisted*. How does a story begin? Sometimes it begins with a dream, and a dreamer. Mary is one such dreamer, a little girl who learns to read by tracing the letters on the tombstone of her famous feminist mother, Mary Wollstonecraft, and whose only escape from her strict father and overbearing stepmother is through the stories she reads and imagines. Unhappy at home, she seeks independence, and at the age of sixteen runs away with poet Percy Bysshe Shelley, another dreamer. Two years later, they travel to Switzerland where they meet a famous poet, Lord Byron. On a stormy summer evening, with five young people gathered around a fire, Byron suggests a contest to see who can create the best ghost story. Mary has a waking dream about a monster come to life. A year and a half later, Mary Shelley's terrifying tale, *Frankenstein*: or, the Modern Prometheus, is published -- a novel that goes on to become the most enduring monster story ever and one of the most popular legends of all time. A riveting and atmospheric picture book about the young woman who

wrote one of the greatest horror novels ever written and one of the first works of science fiction, *Mary Who Wrote Frankenstein* is an exploration of the process of artistic inspiration that will galvanize readers and writers of all ages.

Prometheus Unbound Jun 12 2021

[Mary Shelley, Women & Frankenstein](#) Jan 27 2020 Seminar paper from the year 2012 in the subject English - Literature, Works, grade: 1,3, Johannes Gutenberg University Mainz, language: English, abstract: For a better understanding of the main part of this term paper, firstly, the predominant doctrine of separate spheres will be introduced and sufficiently explained. Likewise a short overview of the situation of women from the 19th century will be given in this chapter. Further on it will then be demonstrated how Mary Shelley coped with the fact of being a female writer in a male dominated society and how she managed her life. Afterwards it will be looked at all women, appearing in the novel *Frankenstein*, and how Shelley presents them. In addition it will be analysed in what way Shelley displays critique of the gender division and the patriarchal society. Finally, the results of the analysis of the novel will be summarised. [The New Annotated Frankenstein](#) Dec 18 2021 Two centuries after its original publication, Mary Shelley's classic tale of gothic horror comes to vivid life in "what may very well be the best presentation of the novel" to date (Guillermo del Toro). "Remarkably, a nineteen-

year-old, writing her first novel, penned a tale that combines tragedy, morality, social commentary, and a thoughtful examination of the very nature of knowledge," writes best-selling author Leslie S. Klinger in his foreword to *The New Annotated Frankenstein*. Despite its undeniable status as one of the most influential works of fiction ever written, Mary Shelley's novel is often reductively dismissed as the wellspring for tacky monster films or as a cautionary tale about experimental science gone haywire. Now, two centuries after the first publication of *Frankenstein*, Klinger revives Shelley's gothic masterpiece by reproducing her original text with the most lavishly illustrated and comprehensively annotated edition to date. Featuring over 200 illustrations and nearly 1,000 annotations, this sumptuous volume recaptures Shelley's early nineteenth-century world with historical precision and imaginative breadth, tracing the social and political roots of the author's revolutionary brand of Romanticism. Braiding together decades of scholarship with his own keen insights, Klinger recounts *Frankenstein's* indelible contributions to the realms of science fiction, feminist theory, and modern intellectual history—not to mention film history and popular culture. The result of Klinger's exhaustive research is a multifaceted portrait of one of Western literature's most divinely gifted prodigies, a young novelist who defied her era's restrictions on female ambitions by independently supporting herself and her

children as a writer and editor. Born in a world of men in the midst of a political and an emerging industrial revolution, Shelley crafted a horror story that, beyond its incisive commentary on her own milieu, is widely recognized as the first work of science fiction. The daughter of a pioneering feminist and an Enlightenment philosopher, Shelley lived and wrote at the center of British Romanticism, the "exuberant, young movement" that rebelled against tradition and reason and "with a rebellious scream gave birth to a world of gods and monsters" (del Toro). Following his best-selling *The New Annotated H. P. Lovecraft* and *The New Annotated Sherlock Holmes*, Klinger not only considers Shelley's original 1818 text but, for the first time in any annotated volume, traces the effects of her significant revisions in the 1823 and 1831 editions. With an afterword by renowned literary scholar Anne K. Mellor, *The New Annotated Frankenstein* celebrates the prescient genius and undying legacy of the world's "first truly modern myth." *The New Annotated Frankenstein* includes: Nearly 1,000 notes that provide information and historical context on every aspect of *Frankenstein* and of Mary Shelley's life Over 200 illustrations, including original artwork from the 1831 edition and dozens of photographs of real-world locations that appear in the novel Extensive listings of films and theatrical adaptations An introduction by Guillermo del Toro and an afterword by Anne K. Mellor [Frankenstein \(Modern English Translation\)](#) Oct

28 2022 Carefully edited for modern readers to allow for easier reading Obsessed with the secret of creation, Swiss scientist Dr. Victor Frankenstein cobbles together a body he's determined to bring to life. And one fateful night, he does. When the creature opens his eyes, the doctor is repulsed: his vision of perfection is, in fact, a hideous monster. Dr. Frankenstein abandons his creation, but the monster won't be ignored, setting in motion a chain of violence and terror that shadows Victor to his death. Mary Shelley's *Frankenstein*, a gripping story about the ethics of creation and the consequences of trauma, is one of the most influential Gothic novels in British literature. It is as relevant today as it is haunting.

Frankenstein. Ediz.inglese Aug 02 2020

Lodore Jan 07 2021 Beset by jealousy over an admirer of his wife's, Lord Lodore has come with his daughter Ethel to the American wilderness; his wife Cornelia, meanwhile, has remained with her controlling mother in England. When he finally brings himself to attempt a return, Lodore is killed en route in a duel. Ethel does return to England, and the rest of the book tells the story of her marriage to the troubled and impoverished Villiers (whom she stands by through a variety of tribulations) and her long journey to a reconciliation with her mother. Lodore's scope of character and of idea is matched by its narrative range and variety of setting; the novel's highly dramatic story-line moves at different points to Italy, to

Illinois, and to Niagara Falls. And in this edition, which includes a wealth of documents from the period, the reader is provided with a sense of the full context out of which Shelley's achievement emerged.

The Modern Frankenstein Jul 21 2019

Frankenstein by Mary Shelley (Annotated)

Volume Apr 29 2020 Mary Shelley began writing *Frankenstein* when she was only eighteen. At once a Gothic thriller, a passionate romance, and a cautionary tale about the dangers of science, *Frankenstein* tells the story of committed science student Victor Frankenstein. Obsessed with discovering the cause of generation and life and bestowing animation upon lifeless matter, Frankenstein assembles a human being from stolen body parts but; upon bringing it to life, he recoils in horror at the creature's hideousness. Tormented by isolation and loneliness, the once-innocent creature turns to evil and unleashes a campaign of murderous revenge against his creator, Frankenstein. *Frankenstein*, an instant bestseller and an important ancestor of both the horror and science fiction genres, not only tells a terrifying story, but also raises profound, disturbing questions about the very nature of life and the place of humankind within the cosmos: What does it mean to be human? What responsibilities do we have to each other? How far can we go in tampering with Nature? In our age, filled with news of

organ donation genetic engineering, and bioterrorism, these questions are more relevant than ever.

Zastrozzi and St. Irvyne Mar 29 2020 In 1810, while still at Eton, Percy Bysshe Shelley published *Zastrozzi*, the first of his two early Gothic prose romances. He published the second, *St. Irvyne*; or, *The Rosicrucian*, a year later. These sensationalist novels present some of Shelley's earliest thoughts on irresponsible self-indulgence and violent revenge, and offer remarkable insight into an imagination that is strikingly modern. This new Broadview Literary Texts edition also brings together the fragmentary remains of Shelley's other prose fiction, including his chapbook, *Wolfstein*, and contemporary reviews both by Shelley and about his work.

Valperga - The Life And Adventures Of Castruccio, Prince Of Lucca Feb 08 2021

Valperga, published in 1823, the year after Percy Bysshe Shelley's death is a romance of the 14th century in Italy, during the height of the struggle between the Guelphs and the Ghibellines, when each state and almost each town was at war with the other ; a condition of things which lends itself to romance. Mary Shelley's intimate acquaintance with Italy and Italians gives her the necessary knowledge to write on this subject. Her zealous Italian studies came to her aid, and her love of nature give life and vitality to the scene. Valperga, the ancestral castle home of Euthanasia, a Florentine lady of the Guelph faction, is most

picturesquely described, on its ledge of projecting rock, overlooking the plain of Lucca; the dependent peasants around happy under the protection of their good Signora. That this beautiful and high-minded lady should be affianced to a Ghibelline leader is a natural combination ; but when her lover Castruccio, prince of Lucca, carries his political enthusiasm the length of making war on her native city of Florence, whose Republican greatness and love of art are happily described, Euthanasia cannot let love stand in the way of duty and gratitude to all those dearest to her ...

Mary Shelley's Frankenstein, Annotated and Illustrated Oct 16 2021 Completely annotated and provided with maps, essays, and chilling illustrations, this unique edition of Mary Shelley's "Frankenstein" answers some of readers' most lingering questions, clarifies historical references, and probes into the sensitive biographical nature of Mary Shelley's landmark novel. One of the most influential masterpieces of horror in the English language, "Frankenstein" straddles science fiction, horror, romance, the weird tale, and the literary allegory. Aside from the monomaniacal student of dark arts, the pensive bride throttled in her uncreased wedding bed, and the dramatic landscapes of Arctic ice fields and alpine vistas, Frankenstein is the story of poor stewardship, failed fatherhood, lost innocence, painful alienation, social rejection, the entangled relationship between adoring love and septic hatred, and the unfairness of a world which

evicts a warm, gentle, curious, and eager spirit based on the casing of its skin. It raises relevant questions of technology, scientific responsibility, racism, sexism, community, environmentalism, progressivism, tolerance, diversity, love, and social responsibility, all wrapped in a psychologically complex, chilling narrative of grave robbing, playing god, murder, necrophilia, sublimated sexuality, and existential horror.

Character Analysis: Androgyny in Mary Shelley's "Frankenstein" Jul 13 2021 Seminar paper from the year 2010 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Paderborn, language: English, abstract: Families in the 19th century mostly lived in a patriarchal society. Growing up during this time, Mary Shelley used this society "ruled or controlled by men" as the basis for the population of her novel Frankenstein. On the first sight, the characters appear to fulfill their gender roles perfectly. Women occupy the domestic sphere, men work outside home. In addition, women are only of marginal importance whereas men appear as the strong protagonists who are able to influence the storyline. Even if this first overview is correct, Mary Shelley does not maintain this severe separation of sexes and their characteristics but proves that both women and men own some features of the other sex. Therefore, one could state that the women in Frankenstein have an important role as well, as, at second sight, they share a lot of

similarities with men and vice versa which contributes to analyze the topic of androgyny. In my term paper I will therefore concentrate on this androgyny of men and women in Frankenstein. Being androgynous, which can be defined as the state of "having both male and female characteristics" , is an essential element of the novel. Analyzing the male characters one discovers that the male characteristics are important but that it is especially the femaleness which leads to the course of the novel and not typically male behavior. With regard to women, the androgyny shows the beginning of emancipation and hence, women as contemporary heroines, able to escape from a male-dominated society. Furthermore, it is important to analyze the monster that shows androgynous traits so that it cannot be classified as either male or female. These features show that the monster possesses general human qualities as it shares a lot of similarities with the characters of the novel. Frankenstein by Mary Shelley (Book Analysis) Sep 27 2022

Mathilda May 11 2021 This 1959 volume prints for the first time the full text of Mary Shelley's novelette Mathilda together with the opening pages of its rough draft, The Fields of Fancy. They are transcribed from the microfilm of the notebooks belonging to Lord Abinger which is in the library of Duke University.

Romantic Outlaws Jul 01 2020 NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SEATTLE TIMES This groundbreaking dual biography brings to life a pioneering English feminist and the daughter she never knew. Mary Wollstonecraft and Mary Shelley have each been the subject of numerous biographies, yet no one has ever examined their lives in one book—until now. In *Romantic Outlaws*, Charlotte Gordon reunites the trailblazing author who wrote *A Vindication of the Rights of Woman* and the Romantic visionary who gave the world *Frankenstein*—two courageous women who should have shared their lives, but instead shared a powerful literary and feminist legacy. In 1797, less than two weeks after giving birth to her second daughter, Mary Wollstonecraft died, and a remarkable life spent pushing against the boundaries of society's expectations for women came to an end. But another was just beginning. Wollstonecraft's daughter Mary was to follow a similarly audacious path. Both women had passionate relationships with several men, bore children out of wedlock, and chose to live in exile outside their native country. Each in her own time fought against the injustices women faced and wrote books that changed literary history. The private lives of both Marys were nothing less than the stuff of great Romantic drama, providing fabulous material for Charlotte Gordon, an accomplished

historian and a gifted storyteller. Taking readers on a vivid journey across revolutionary France and Victorian England, she seamlessly interweaves the lives of her two protagonists in alternating chapters, creating a book that reads like a richly textured historical novel. Gordon also paints unforgettable portraits of the men in their lives, including the mercurial genius Percy Shelley, the unbridled libertine Lord Byron, and the brilliant radical William Godwin. "Brave, passionate, and visionary, they broke almost every rule there was to break," Gordon writes of Wollstonecraft and Shelley. A truly revelatory biography, *Romantic Outlaws* reveals the defiant, creative lives of this daring mother-daughter pair who refused to be confined by the rigid conventions of their era. Praise for *Romantic Outlaws* "[An] impassioned dual biography . . . Gordon, alternating between the two chapter by chapter, binds their lives into a fascinating whole. She shows, in vivid detail, how mother influenced daughter, and how the daughter's struggles mirrored the mother's."—*The Boston Globe*

Frankenstein by Mary Shelley Jul 25 2022

Frankenstein by Mary Shelley Jun 19 2019 A graphic novel adaptation of Mary Shelley's classic tale of a monster, assembled by a scientist from parts of dead bodies, who develops a mind of his own as he learns to loathe himself and hate his creator.

In Search of Mary Shelley: The Girl Who Wrote Frankenstein Feb 26 2020 Coinciding with the 200th anniversary of the publication of *Frankenstein* in 1818, a prize-winning poet delivers a major new biography of Mary Shelley—as she has never been seen before. We know the facts of Mary Shelley's life in some detail—the death of her mother, Mary Wollstonecraft, within days of her birth; the upbringing in the house of her father, William Godwin, in a house full of radical thinkers, poets, philosophers, and writers; her elopement, at the age of seventeen, with Percy Shelley; the years of peripatetic travel across Europe that followed. But there has been no literary biography written this century, and previous books have ignored the real

person—what she actually thought and felt and why she did what she did—despite the fact that Mary and her group of second-generation Romantics were extremely interested in the psychological aspect of life. In this probing narrative, Fiona Sampson pursues Mary Shelley through her turbulent life, much as Victor Frankenstein tracked his monster across the arctic wastes. Sampson has written a book that finally answers the question of how it was that a nineteen-year-old came to write a novel so dark, mysterious, anguished, and psychologically astute that it continues to resonate two centuries later. No previous biographer has ever truly considered this question, let alone answered it.

The Journals of Mary Shelley, 1814-1844

Oct 04 2020 The definitive account of Mary Shelley's life from her own pen is now available in a single softcover volume. Here we see even more vividly than in her letters her sympathetic identification with nature and her struggles with--and ultimate surrender to--the lifelong depression that followed her husband's death. Supplementing the text are extensive annotations, a chronology, a thorough index, maps of the Shelleys' travels, portraits of acquaintances, appendices giving biographical accounts of the members of Mary Shelley's social circles in Pisa and London, the Shelleys' reading lists, and a bibliography.

Frankenstein by Mary Shelley (Book Analysis)

Jan 19 2022 Unlock the more straightforward side of Frankenstein with this

concise and insightful summary and analysis! This engaging summary presents an analysis of Frankenstein by Mary Shelley, a horror novel that calls into question the origin of evil and the dangers and limits of science. It tells the story of Victor Frankenstein and his quest to solve the mystery of life which culminates in the creation of a monster. Frankenstein is known around the world, having been adapted into dozens of films, plays, television shows and even a ballet. The clear and concise style makes for easy understanding, providing the perfect opportunity to improve your literary knowledge in no time. See the very best of literature in a whole new light with BrightSummaries.com!

A Life with Mary Shelley Oct 24 2019 In 1980, deconstructive and psychoanalytic literary theorist Barbara Johnson wrote an essay on Mary Shelley for a colloquium on the writings of Jacques Derrida. The essay marked the beginning of Johnson's lifelong interest in Shelley as well as her first foray into the field of

"women's studies," one of whose commitments was the rediscovery and analysis of works by women writers previously excluded from the academic canon. Indeed, the last book Johnson completed before her death was *Mary Shelley and Her Circle*, published here for the first time. Shelley was thus the subject for Johnson's beginning in feminist criticism and also for her end. It is surprising to recall that when Johnson wrote her essay, only two of Shelley's novels were in print, critics and scholars having mostly dismissed her writing as inferior and her career as a side effect of her famous husband's. Inspired by groundbreaking feminist scholarship of the seventies, Johnson came to pen yet more essays on Shelley over the course of a brilliant but tragically foreshortened career. So much of what we know and think about Mary Shelley today is due to her and a handful of scholars working just decades ago. In this volume, Judith Butler and Shoshana Felman have united all of Johnson's published and unpublished work on Shelley alongside their own new, insightful pieces of criticism and those of two other peers and fellow pioneers in feminist theory, Mary Wilson Carpenter and Cathy Caruth. The book thus evolves as a conversation amongst key scholars of shared intellectual inclinations while closing the circle on Johnson's life and her own fascination with the life and circle of another woman writer, who, of course, also happened to be the daughter of a founder of modern feminism. *This Dark Endeavour* Sep 03 2020 Victor

Frankenstein leads a charmed life. He and his twin brother, Konrad, and their beautiful cousin Elizabeth take lessons at home and spend their spare time fencing and horseback riding. Along with their friend Henry, they have explored all the hidden passageways and secret rooms of the palatial Frankenstein chateau. Except one. The Dark Library contains ancient tomes written in strange languages, and filled with forbidden knowledge. Their father makes them promise never to visit the library again, but when Konrad becomes deathly ill, Victor knows he must find the book that contains the recipe for the legendary Elixir of Life. The elixir needs only three ingredients. But impossible odds, dangerous alchemy and a bitter love triangle threaten their quest at every turn. Victor knows he must not fail. But his success depends on how far he is willing to push the boundaries of nature, science and love—and how much he is willing to sacrifice.

The narrative structure of "Frankenstein". The Modern Prometheus and its effect Nov 05 2020 Seminar paper from the year 2013 in the subject English Language and Literature Studies - Literature, grade: 1,7, Catholic University Eichstätt-Ingolstadt, language: English, abstract: The Gothic novel "Frankenstein, or The Modern Prometheus" is the result of Mary Shelley's travels to Geneva, Switzerland, with her future husband Percy Bysshe Shelley, Dr. John Polidori and Lord Byron, themselves famous authors, and an entertaining contest between those friends

about who could write the best horror story. Conceived of a nightmare after reading German ghost stories by the fire and conversing about Darwinism, occult ideas, galvanism and science, the only nineteen-year-old Mary Shelley put this piece of art down on paper and published it anonymously in 1818. Frankenstein is a novel with a complex narrative structure. In the core of the novel the Creature's story is presented to us framed by Victor Frankenstein's story which itself is enframed by Robert Walton's epistolary narrative. The overall structure of the novel is symmetrical: it begins with the letters of Walton, shifts to Victor's tale, then to the Creature's narration, so as to switch to Victor again and end with the records of Walton. In this manner the reader gets different versions of the same story from different perspectives. Mary Shelley's rather atypical approach not to stick to only one narrator and one defined narrative situation throughout the book creates various impressions on the reader of the novel. The narrative situation of a text describes the structure of how the content, plot, characters and events are being mediated to the reader and is often referred to as the point of view. The narrative situation is one of the main categories in literary analysis. One of the most important academics who concerned himself with the systematisation of narrative structures since the 1950s is the Austrian literary theorist Dr. Franz Karl Stanzel (*1923). There is strong competition by the typology of Gérard Genette

since the 1990s, however, Stanzel's theory is being taught to date, which is why it is used in the following analysis of the narrative structure in Frankenstein and its effect on the reader.

Paradise Lost May 31 2020

King Lear Nov 24 2019 King Lear is a tragedy by Shakespeare, written about 1605 or 1606. Shakespeare based it on the legendary King Leir of the Britons, whose story is outlined in Geoffrey of Monmouth's pseudohistorical History of the Kings of Britain (written in about 1136). The play tells the tale of the aged King Lear who is passing on the control of his kingdom to his three daughters. He asks each of them to express their love for him, and the first two, Goneril and Regan do so effusively, saying they love him above all things. But his youngest daughter, Cordelia, is compelled to be truthful and says that she must reserve some love for her future husband. Lear, enraged, cuts her off without any inheritance. The secondary plot deals with the machinations of Edmund, the bastard son of the Earl of Gloucester, who manages to convince his father that his legitimate son Edgar is plotting against him. After Lear steps down from power, he finds that his elder daughters have no real respect or love for him, and treat him and his followers as a nuisance. They allow the raging Lear to wander out into a storm, hoping to be rid of him, and conspire with Edmund to overthrow the Earl of Gloucester. The play is a moving study of the perils of old age and the true meaning of filial love. It ends tragically with the deaths of both

Cordelia and Lear—so tragically, in fact, that performances during the Restoration period sometimes substituted a happy ending. In modern times, though, King Lear is performed as written and generally regarded as one of Shakespeare's best plays. This Standard Ebooks edition is based on William George Clark and William Aldis Wright's 1887 Victoria edition, which is taken from the Globe edition. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The Dark Descent of Elizabeth

Frankenstein Aug 14 2021 A NEW YORK TIMES BESTSELLER AN NPR BEST BOOK OF THE YEAR A CHICAGO PUBLIC LIBRARY BEST

BOOK OF THE YEAR "Inescapably compelling." —VICTORIA SCHWAB, #1 New York Times bestselling author of *The Invisible Life of Addie Larue* "A masterful and monstrous retelling." —STEPHANIE GARBBER, #1 New York Times and internationally bestselling author of *Caraval* and *Legendary* A stunning and dark reimagining of Frankenstein told from the point-of-view of Elizabeth Lavenza, who is taken in by the Frankenstein family. Elizabeth Lavenza hasn't had a proper meal in weeks. Her thin arms are covered with bruises from her "caregiver," and she is on the verge of being thrown into the streets . . . until she is brought to the home of Victor Frankenstein, an unsmiling, solitary boy who has

everything—except a friend. Victor is her escape from misery. Elizabeth does everything she can to make herself indispensable—and it works. She is taken in by the Frankenstein family and rewarded with a warm bed, delicious food, and dresses of the finest silk. Soon she and Victor are inseparable. But her new life comes at a price. As the years pass, Elizabeth's survival depends on managing Victor's dangerous temper and entertaining his every whim, no matter how depraved. Behind her blue eyes and sweet smile lies the calculating heart of a girl determined to stay alive no matter the cost . . . as the world she knows is consumed by darkness. **Ebook exclusive: the full text of Mary Shelley's FRANKENSTEIN**
