[I Loved You More](#) Nov 04 2022 Tom Spanbauer's first novel in seven years is a love story triangle akin to The Marriage Plot and Freedom, only with a gay main character who charms gays and straights alike. I Loved You More is a rich, expansive tale of love, sex, and heartbreak, covering twenty-five years in the life of a striving, emotionally wounded writer. In New York, Ben forms a bond of love with his macho friend and foil, Hank. Years later in Portland, a now ill Ben falls for Ruth, who provides the care and devotion he needs, though they cannot find true happiness together. Then Hank reappears and meets Ruth, and real trouble starts. Set against a world of struggling artists, the underground sex scene of New York in the 1980s, the drab, confining Idaho of Ben's youth, and many places in between, I Loved You More is the author's most complex and wise novel to date.

[Ugly Love](#) Oct 11 2020 From Colleen Hoover, the #1 New York Times bestselling author of It Starts with Us and It Ends with Us, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles Archer, she doesn't think it's love at first sight. They wouldn't even go so far as to consider themselves friends. The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly.

[I Wrote This Book Because I Love You](#) Jul 20 2021 \*A People Top 10 Book of 2018\* The New York Times essayist and author of We Learn Nothing, Tim Kreider trains his singular power of observation on his (often befuddling) relationships with women. Psychologists have told him he's a psychologist. Philosophers have told him he's a philosopher. Religious groups have invited him to speak. He had a cult following as a cartoonist. But, above all else, Tim Kreider is an essayist—one whose deft prose, uncanny observations, dark humor, and emotional vulnerability have earned him deserved comparisons to David Sedaris, Sarah Vowell, and the late David Foster Wallace (who was himself a fan of Kreider's humor). "Beautifully written, with just enough humor to balance his spikiness" (Booklist), I Wrote This Book Because I Love You focuses Tim's unique perception and wit on his relationships with women—romantic, platonic, and the murky in-between. He talks about his difficulty finding lasting love and seeks to understand his commitment issues by tracking down the John Hopkins psychologist who tested him for a groundbreaking study on attachment when he was a toddler. He talks about his valued female friendships, one of which landed him on a circus train bound for Mexico. He talks about his time teaching young women at an upstate New York college, and the profound lessons they wound up teaching him. And in a hugely popular essay that originally appeared in The New York Times, he talks about his nineteen-year-old cat, wondering

if it's the most enduring relationship he'll ever have. "In a style reminiscent of Orwell, E.B. White and David Sedaris" (The New York Times Book Review), each of these pieces is "heartbreaking, brutal, and hilarious" (Judd Apatow), and collectively they cement Kreider's place among the best essayists working today.

**P.S. I Love You More Than Tuna** Apr 28 2022 "P.S. I Love You More Than Tuna is both a lighthearted celebration of the loving bond between human and cat, and a touching meditation on the eternal nature of that love." —Jackson Galaxy, host of Animal Planet's My Cat From Hell An illustrated gift book for adults grieving a companion cat, celebrating the often-quirky bond between humans and felines. Our cats occupy a unique space in our hearts. When they're gone, the loss can be devastating, the grief profound. P.S. I Love You More Than Tuna gives us an opportunity to give friends, loved ones, or ourselves tangible comfort during the grieving period, when so many of us feel isolated and misunderstood after a beloved pet dies. The author and illustrator (devoted cat lovers themselves) offer this book as a universal love letter from the felines we've bid goodbye to. **That Time I Loved You: Stories** Dec 01 2019 An Amazon Best Book of the Month (Literature & Fiction) In this exquisite American debut, Carriane Leung evokes the legacies of Cheever and Munro with a haunting depiction of 1970s suburbia. In her "compact gem of a collection" (Globe & Mail), Carriane Leung enlivens a singular group of characters sharing a shiny new subdivision in 1970s Toronto. Marilyn greets new neighbors with fresh-baked cookies before she starts stealing from them. Stay-at-home-wife Francesca believes passion is just one yard away, only in the arms of another man. And Darren doesn't understand why his mother insists he keep his head down, even though he gets good grades like his white friends. When a series of inexplicable suicides begin to haunt their community, no one is more fascinated by the terrible phenomenon than young June. The daughter of Chinese immigrants, she sits hawk-eyed at the center, bearing witness to the truth behind pulled curtains: the affairs, the racism, the hidden abuses. Leung bursts onto the American literary stage with prose remarkably attuned to the tenuous, and perhaps deceptive, idea of happiness among these picket-fenced lives.
