[The Rule of Law in Afghanistan](#) Mar 02 2020 How, despite the enormous investment of blood and treasure, has the West's ten-year intervention left Afghanistan so lawless and insecure? The answer is more insidious than any conspiracy, for it begins with a profound lack of understanding of the rule of law, the very thing that most dramatically separates Western societies from the benighted ones in which they increasingly intervene. This volume of essays argues that the rule of law is not a set of institutions that can be exported lock, stock and barrel to lawless lands, but a state of affairs under which ordinary people and officials of the state itself feel it makes sense to act within the law. Where such a state of affairs is absent, as in Afghanistan today, brute force, not law, will continue to rule.

[Ruthless River](#) Feb 10 2021 A stunning debut; a Departures original publication. The ultimate survival story; a wild ride—the wildest—down a South American river in the thick of the Amazon Basin; a true and thrilling adventure of a young married couple who survive a plane crash only to later raft hundreds of miles across Peru and Bolivia, ending up in a channel to nowhere, a dead end so flooded there is literally no land to stand on. Their raft—a mere four logs—separates them from the piranha-and-caiman-infested water until they finally realize that there is no way out but to swim. Vintage Original. Holly FitzGerald and her husband, Fitz—married less than two years—set out on a yearlong honeymoon adventure of a lifetime, backpacking around the world. Five months into the trip their plane crash lands in Peru at a penal colony walled in by jungle, and their blissfully romantic journey turns into a terrifying nonstop labyrinth of escape and survival. On a small, soon-ravaged raft that quickly becomes their entire universe through dangerous waters alive with deadly animals and fish, their only choice: to continue on, despite the rush of insects swarming them by day, the sounds of encroaching predators at night. Without food or means of communication, with no one to hear their cries for help or on a search-and-rescue expedition to find them, the author and her husband make their way, fighting to conquer starvation and navigate the brute force of the river, their only hope for survival, in spite of hunger and weakening resolve, to somehow, miraculously hang on and find their way east to a large riverside town, before it is too late. . . .

Brute Force Feb 22 2022 Brute Force looks at people having the most contact with everyday animal abuse- humane law enforcement officers who are charged with enforcing anti-cruelty statutes. The author spent one year studying 30 "animal cops" and dispatchers in two large cities. They see themselves as a power for the helpless, a voice for the mute. On-the-job experience changes this view. Rather than "fighting the good fight" against egregious cases of cruelty, they are overwhelmed with complaints that are ambiguous and must be "stretched" to qualify as legally defined abuse or with complaints—barking dogs or "thin" pets—that are used in interpersonal disputes to get neighbors or spouses into trouble. Even more discouraging to officers are clear-cut and extreme cases of cruelty that do not lead to guilty verdicts or stiff penalties in court. Resulting cynicism is aggravated when rookies realize that they are seen as second-rate "wannabe" cops or closet animal "extremists." With little legitimate authority to enforce the law, animal cops become humane educators who try to make people into responsible pet owners.

The Book Thief Mar 14 2021 #1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank." —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

In the Shadow of the Mountaidun 24 2019 "In climbing the Seven Summits, Silvia Vasquez-Lavado did nothing less than take back her own life—one brave step at a time. She will inspire untold numbers of souls with this story, for her victory is a win on behalf of all of us." —Elizabeth Gilbert Endless ice. Thin air. The threat of dropping into nothingness thousands of feet below. This is the climb Silvia Vasquez-Lavado braves in her page-turning, pulse-raising memoir following her journey to Mount Everest. A Latina hero in the elite macho tech world of Silicon Valley, privately, she was hanging by a thread. Deep in the throes of alcoholism, hiding her sexuality from her family, and repressing the abuse she'd suffered as a child, she started climbing. Something about the brute force required for the ascent—the risk and spirit and sheer size of the mountains and death's close proximity—woke her up. She then took her biggest pain as a survivor to the biggest mountain: Everest. "The Mother of the World," as it's known in Nepal, allows few to reach her summit, but Silvia didn't go alone. She gathered a group of young female survivors and led them to base camp alongside her. It was never easy. At times hair-raising, nerve-racking, and always challenging, Silvia remembers the acute anxiety of leading a group of novice climbers to Everest's base, all the while coping with her own nerves of summiting. But, there were also moments of peace, joy, and healing with the strength of her fellow survivors and community propelling her forward. In the Shadow of the Mountain is a remarkable story of heroism, one which awakens in all of us a lust for adventure, an appetite for risk, and faith in our own resilience.

[Brute Force](#) Apr 26 2022 Considers how dangerous beasts in horror films illuminate the human-animal relationship. It's always been a wild world, with humans telling stories of killer animals as soon as they could tell stories at all. Movies are an especially popular vehicle for our fascination with fierce creatures. In Brute Force, Dominic Lennard takes a close look at a range of cinematic animal attackers, including killer gorillas, sharks, snakes, bears, wolves, spiders, and even a few dinosaurs. Lennard argues that animal horror is not so much a focused genre as it is an impulse, tapping into age-old fears of becoming prey. At the same time, these films expose conflicts and uncertainties in our current relationship with animals. Movies considered include King Kong, Jaws, The Grey, Them!, Arachnophobia, Jurassic Park, Snakes on a Plane, An American Werewolf in London, and many more. Drawing on insights from film studies, art history, cognitive science, and evolutionary psychology, Brute Force is an engaging critical exploration—and appreciation—of cinema's many bad beasts. "The brilliance of Dominic Lennard's Brute Force is not only that it is long overdue, but one didn't realize it was due in the first place! Yet upon reflection and, of course, through Lennard's engaging book, one realizes not only the ubiquity of animals in horror, but their utter centrality to so many classic horror films. In reading this, we can hear the distant rumble of footsteps of a genetically reborn Tyrannosaurus or the hurried pounding of our beloved Rover who has decided that he wants more than kibbles and bits for dinner—and we look mighty appetizing. 'Groundbreaking' is often overused, but in this case it truly fits." — David Desser, coeditor of Tough Ain't Enough: New Perspectives on the Films of Clint Eastwood

Brute Dec 11 2020 Selected by Joy Harjo as the winner of the Walt Whitman Award of the Academy of American Poets Emily Skaja's debut collection is a fiery, hypnotic book that confronts the dark questions and menacing silences around gender, sexuality, and violence. Brute arises, brave and furious, from the dissolution of a relationship, showing how such endings necessitate self-discovery and reinvention. The speaker of these poems is a sorceress, a bride, a warrior, a lover, both object and agent, ricocheting among ways of knowing and being known. Each incarnation squares itself up against ideas of feminine virtue and sin, strength and vulnerability, love and rage, as it closes in on a hard-won freedom. Brute is absolutely sure of its capacity to insist not only on the truth of what it says but on the truth of its right to say it. "What am I supposed to say: I'm free?" the first poem asks. The rest of the poems emphatically discover new ways to answer. This is a timely winner of the Walt Whitman Award, and an introduction to an unforgettable voice.
