Songs of Kabir Rabindranath  
Tagore - Kabir lived in the 15th  
Century (1440-1518); born to  
Mohammadan parents; he  
came under the influence of the  
famous Hindu saint; Sri  
Ramananda and delved deep  
into the mysteries of Hindu  
mysticism. A true worshipper  
of God; he emphasized the  
purity of mind and selfless

devotion to God. He openly  
opposed the weaknesses of  
both Hinduism and  
Islam. During his life time he  
composed many poems. They  
are usually two line couplets;  
known as dohas; recited by  
many scholars even today to  
denote some deep  
philosophical truths. All these  
songs of Kabir were translated  
into English by none other than  
Rabindranath Tagore; the  
mystic poet and the Noble  
Laureate; the first edition;  
published by The Macmillan  
Company; 1915; New York. This  
book shall prove to be an asset  
for the Kabir lovers who can't

Sea Music Mar 25 2022 A haunting story of family ties and wartime secrets The house opposite the church, overlooking the Cornish coast, is home to three generations of Tremains. Fred Tremain, the country doctor who built the

house for his wife, Martha (and for whose sake he became estranged from his family); Anna, the difficult, determined older child, now a highly successful lawyer; Barnaby, the easygoing second child, now a vicar to the parish; and the beloved granddaughter, Lucy. A safe haven for a loving family, especially now that Fred and Martha are growing old, the house and cottage are also the keeper of secrets, solemn and tragic. That is until the day Lucy discovers a hidden cache of papers that brings to light the first of many long-hidden mysteries. As each layer is unwrapped and each secret laid bare, the family is forced to confront its past, to

question the price paid for the upheavals caused by violence, wars, and prejudice, and ultimately to unlock the path to new relationships and new loves.

The Inheritance of Loss Jul 25 2019 Winner of the National Book Critics Circle Award and the Man Booker Prize: An “extraordinary” novel “lit by a moral intelligence at once fierce and tender” (The New York Times Book Review). In a crumbling, isolated house at the foot of Mount Kanchenjunga in the Himalayas, an embittered old judge wants only to retire in peace. But his life is upended when his sixteen-year-old orphaned granddaughter, Sai,

arrives on his doorstep. The judge’s chatty cook watches over the girl, but his thoughts are mostly with his son, Biju, hopscotching from one miserable New York restaurant job to another, trying to stay a step ahead of the INS. When a Nepalese insurgency threatens Sai’s new-sprung romance with her tutor, the household descends into chaos. The cook witnesses India’s hierarchy being overturned and discarded. The judge revisits his past and his role in Sai and Biju’s intertwining lives. In a grasping world of colliding interests and conflicting desires, every moment holds out the possibility for hope or betrayal. Published to

extraordinary acclaim, The Inheritance of Loss heralds Kiran Desai as one of our most insightful novelists. She illuminates the pain of exile and the ambiguities of postcolonialism with a tapestry of colorful characters and “uncannily beautiful” prose (O: The Oprah Magazine). “A book about tradition and modernity, the past and the future—and about the surprising ways both amusing and sorrowful, in which they all connect.” —The Independent

Being Love Mar 13 2021 We can each radiate unconditional love. We don't even need to create it - we are love. But the flow of love is blocked in moments of hurt, blame, anger, criticism, competition or insecurity. These emotions have dominated our emotional space, and hardly enable us to feel our own love. So today, we rely on someone else to love us. This book teaches us to think right, enable self-love, feel it and extend it to other people. The central message here is that love is not 'out there', but within us. A spectrum of emotions like attachment, expectations, hurt, worry, stress, fear or anger, which we use in the pretext of love, are

analysed. The conversations also explore the fact that the parent-child relationship is not challenging - It does not need to be. As you free yourself from judgments and expectations, as you start thinking right for people, and as you accept people for who they are, you become a Radiator of unconditional love. You are one decision away from vibrating at a frequency of love ... by not needing love or giving love - but just by being love.

author's experiments in his life, and how he developed himself as a person. This book instead of explaining Gandhi as a perfectionist, instead describes his many flaws and how he defeats his problems with his enormous willpower. *The Story Of My Experiments With Truth* is the story of a simple, immoral man who eventually transforms into a great freedom fighter. This book contains various incidents in this author's life from his birth to 1920s. His time in South Africa as an anti-apartheid activist is also looked into. This autobiography begins when he was a common man and ends right around the time he became an international figure.

How he became Gandhi is quite fascinating to read. His philosophies of simplicity, nonviolence, and truth are comprehensively explored. This book is easy to read as it has good translation. *The Story Of My Experiments With Truth* was published by Om Books in 2010, and is available in the form of a paperback.

*A Life Less Ordinary* Apr 13 2021 When she was very young, Baby Halder was abandoned by her mother and left with a cruel, abusive father. She was married off at twelve to a man twice her age who beat her. At fourteen, she was a mother herself. Her early life was marked by overwhelming challenges and heartbreak until, exhausted and desperate, she fled with her three children to Delhi, to work as a maid in some of the city's wealthiest homes. Expected to serve her employers' every demand, she faced a staggering workload that often left her no time to care for her own children. But she never complained, for such

is the lot of the poor in modern-day India. Written without a trace of self-pity, *A Life Less Ordinary* is a shocking look deep inside a world of poverty and subjugation that few outsiders know about—and an inspiring true story of one remarkable woman's strength, courage, and determination to soar above her circumstances.

*Joothan* Jun 23 2019

Omprakash Valmiki describes his life as an untouchable, or Dalit, in the newly independent India of the 1950s. "Joothan" refers to scraps of food left on a plate, destined for the garbage or animals. India's untouchables have been forced to accept and eat joothan for centuries, and the word

encapsulates the pain, humiliation, and poverty of a community forced to live at the bottom of India's social pyramid. Although untouchability was abolished in 1949, Dalits continued to face discrimination, economic deprivation, violence, and ridicule. Valmiki shares his heroic struggle to survive a preordained life of perpetual physical and mental persecution and his transformation into a speaking subject under the influence of the great Dalit political leader, B. R. Ambedkar. A document of the long-silenced and long-denied sufferings of the Dalits, *Joothan* is a major contribution to the archives of Dalit history

and a manifesto for the revolutionary transformation of society and human consciousness.

Sister BK Shivani reveals how to create a life of joy, contentment and bliss, because we all have the choice and the power to do so. According to her, the reason why there is so little happiness in the world is dependency. Happiness is not dependent on 'anything' or 'anyone', or found 'anywhere'. We keep delaying our happiness until things are just right in our life. We think we will be happy in the future and then wonder why we are not happy now. Happiness is only possible when we are able to accept everyone as they are, at every moment, in every situation. This book is a medium for the awakening and acceptance of self-

responsibility. Helping us choose our thoughts and feelings aligned with our true nature of purity, peace and love. To make us shift from asking to sharing; from holding on to letting go; from expectations to acceptance; from the past and the future to being in the now. Happiness is a 'decision', not a 'consequence'.
