In vivid and indelible prose, Pulitzer Prize–winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

Answering the Cry for Freedom Oct 05 2020 Uncover the lives of thirteen African-Americans who fought during the Revolutionary War. Even as American Patriots fought for independence from British rule during the Revolutionary War, oppressive conditions remained in place for the thousands of enslaved and free African Americans living in this country. But African Americans took up their own fight for freedom by joining the British and American armies; preaching, speaking out, and writing about the evils of slavery; and establishing settlements in Nova Scotia and Africa. The thirteen stories featured in this collection spotlight charismatic individuals who answered the cry for freedom, focusing on the choices they made and how they changed America both then and now. These individuals include: Boston King, Agrippa Hull, James Armistead Lafayette, Phillis Wheatley, Elizabeth "Mumbet" Freeman, Prince Hall, Mary Perth, Ona Judge, Sally Hemings, Paul Cuffe, John Kizell, Richard Allen, and Jarena Lee. Includes individual bibliographies and timelines, author note, and source notes.

Reading Marie al-Khazen's Photographs Nov 25 2019 The Lebanese photographer Marie al-Khazen seized every opportunity to use her camera during the years that she was active between 1920 and 1940. She not only documented her travels around tourist sites in Lebanon but also sought creative experimentation with her camera by staging scenes, manipulating shadows, and superimposing negatives to produce different effects in her prints. Within her photographs, bedouins and European friends, peasants and landlords, men and women comfortably share the same space. Her photographs include an intriguing collection portraying her family and friends living their everyday lives in 1920s and '30s Zgharta, a village in the north of Lebanon. Yasmine Nachabe Taan explores these photographs, emphasizing the ways in which notions of gender and class are inscribed within them and revealing how they are charged with symbols of women's emancipation to today's viewers, through women's presence as individuals, separate from family restrictions of that time. Images in which women are depicted smoking cigarettes, driving cars, riding horses, and accompanying men on hunting trips counteract the common ways in which women were portrayed in contemporary Lebanon.

Lord of the Flies Jan 08 2021 Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Target your students' need for independent reading skills. Demonstrate any prior knowledge on the subject of owls before reading the book. Find the word that best matches the vocabulary word from the novel. Show comprehension with multiple choice and true or false questions. Explain why the owls didn't know how to fly, and why Billy didn't show them. Convert inches to centimeters to find out how tall Wol is and how wide his wingspread is. Rewrite a passage from the book in Weeps the owl's point of view. Complete a web to show Wol's encounters with each character from the story. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: This is one of Farley Mowat's funniest books about a boy and two rescued owls named Wol and Weeps. Billy loves all animals. He has rats, mice, over thirty gophers and two dogs. It only seems natural that Billy and his friends search the sloughs and bluffs to find owlets. The boys rescue a pair of owlets from an untimely death, and end up keeping them for over three years. The adventures Billy, his friends and the owls have together are not typical. Participating in the local Pet Parade, owls following him to school, and having an owl arrive for dinner with a skunk are only a few funny incidents in *Owls in the Family*.

The View from Saturday Jun 25 2022 HOW HAD MRS. OLINSKI CHOSEN her sixth-grade Academic Bowl team? She had a number of answers. But were any of them true? How had she really chosen Noah and Nadia and Ethan and Julian? And why did they make such a good team? It was a surprise to a lot of people when Mrs. Olinski's team won the sixth-grade Academic Bowl contest at Epiphany Middle School. It was an even bigger surprise when they beat the seventh grade and the eighth grade, too. And when they went on to even greater victories, everyone began to ask: How did it happen? It happened at least partly because Noah had been the best man (quite by accident) at the wedding of Ethan's grandmother and Nadia's grandfather. It happened because Nadia discovered that she could not let a lot of baby turtles die. It happened when Ethan could not let Julian face disaster alone. And it happened because Julian valued something important in himself and saw in the other three something he also valued. Mrs. Olinski, returning to teaching after having been injured in an automobile accident, found that her Academic Bowl team became her answer to finding confidence and success. What she did not know, at least at first, was that her team knew more than she did the answer to why they had been chosen. This is a tale about a team, a class, a school, a series of contests and, set in the midst of this, four jewel-like short stories -- one for each of the team members -- that ask questions and demonstrate surprising answers.

The Answer May 24 2022 The Answer, a compelling tale, unfolds as eight friends discover they all have recently encountered an unusual elderly gentleman. Mysteriously and inexplicably, this kindly stranger appears to them in different settings around the world. On each occasion, he delivers the same message, urging each of them to come to the aid of a place he simply calls the Island. While sharing their odd encounters, the friends become confident in the reality of their experiences and in the important truth of their visitors messages. As they deliberate making commitments to a yet-to-be-revealed vital mission, the amiable gentleman joins their conversations, facilitating greater camaraderie while also expanding the friends consciousness of dimensions beyond their own. His mere presence is evidence that more exists than previously known. Like other books presented by Claudia, The Answer features characters whose gentleness, goodness, and mutual respect embody an enviable way of being.
