*Into the River* Nov 30 2019 A gripping, gritty and award-winning coming-of-age novel for young adult

readers. When Te Arepa Santos is dragged into the river by a giant eel, something happens that will change the course of his whole life. The boy who struggles to the bank is not the same one who plunged in, moments earlier. He has brushed against the spirit world, and there is a price to be paid; an utu (revenge) to be exacted. Years later, far from the protection of whanau (family) and ancestral land, he finds new enemies. This time, with no one to save him, there is a decision to be made: he can wait on the bank, or leap forward into the river. At the 2013 NZ Post Childrens Book Awards Into the River was judged the Margaret Mahy Book of the Year. It also won the Young Adult Fiction category of the awards. An engaging coming-of-age novel, it follows its main protagonist from his childhood in small-town rural New Zealand to an elite Auckland boarding school, where he must forge his own way - including battling with his cultural identity. This prequel to Ted Dawe's award-winning novel Thunder Road is gritty, provocative, at times shocking, but always real and true. The awards' chief judge Bernard Beckett described a character "caught between two worlds ... the explicit content was presented as the danger of people being left adrift by society. And within that context, hard-hitting material is crucial; it is what makes the book authentic, real and important." The Deputy Chief Censor of Film and Literature ruled that the book is not offensive: "The book deals with some stronger content. There are sexual relationships between teenagers, encounters with possible child sexual exploitation, the use of illegal drugs and other criminal activities, violent assault, and a moderate level of highly offensive language. These are well contextualised within an exciting fast moving narrative that has as its protagonist, a young teenage Maori boy from a rural community who is finding his way through the strange uncomfortable environment of a boys' boarding school and unfamiliar social mores. The story captures the raw and real extremes of adolescence in teenage boys along with their yearnings and obsessions. The book is notable for being one of the first in the New Zealand which specifically targets

teenage boys and younger men - a genre that does not have great representation. The genre character is therefore significant. The content immerses the reader in action, wit, and intrigue, as well as a level of social realism, all likely to engage teen and young adult readers and with particular appeal for older boys and young men.'

**Sunlight on the River** Jun 05 2020 The world's great poets interpret the world's great art in this exquisite book that investigates the connection between art and words, deepening our understanding of both. The poet and the artist share a special kind of vision—an ability to see and penetrate the very essence of their subjects. This volume features poems by writers who turned to paintings for their inspiration, as well as paintings by artists who based their works on poems. Stretching across centuries and styles, this collection includes Rossetti's haunting sonnet based on Botticelli's *Primavera*; Wallace Stevens's "The Man with the Blue Guitar," a masterful meditation on an iconic painting by Picasso; William Carlos Williams's joyous interpretations of scenes by Breughel; and Adrienne Rich lending a compassionate voice to the subject of Edwin Romanzo Elmer's *The Mourning Chair*. These and other pairings appear as elegant texts facing full page, glowing illustrations of the paintings. An introduction to some of the greatest poets and painters in history, this remarkable book makes a perfect gift,

offering compelling insights into the worlds of art and literature, and the relationship between the two. *They Drank from the River and Died in the Wilderness* Jul 27 2019 We are living in a land not our own. We are looking for a city, whose Builder and Maker is God. Along the way, there will be rivers from which to drink. These "rivers" will renew, refresh, and restore vision and purpose. But the "river" will not ultimately satisfy the inner longing of your soul. The "river" along the way must not be mistaken for the City of God we all seek. We must go on, not being content with the provision of the "river," no matter how exciting its rushing power and glory may be.

Watching the River Flow Jun 25 2019 The remains of a personal notebook, penned by an unknown author, found near the banks of the Great River. The writer seems to have made an entry every day for an entire year on a rather eclectic array of ideas. As such, it is difficult to say precisely what it is about. Based upon its introduction, it appears that the author had been in touch with a publisher, but we can find no evidence that it has been previously published.

*The Way of the River* Dec 24 2021 Life is perfect for fifteen-year-old Elinora Wolton?for the most part. Anxious by nature and resistant to the often painful metamorphosis of growing up, she is most content when she is able to avoid uncomfortable feelings and experiences. This proves easy enough to do living a secure, sheltered life at Kellandale, a quiet country estate that has been isolated from many of the world's problems. But in Kellandale Wood (Book One): *The Way of the River*, a tween fantasy/adventure set a hundred years ago in the country of Eldmoor, this estate also happens to sit on the edge of a vast forest. Known as Wyches Wood to some, it is a forest with a centuries-old reputation of being haunted. No one has dared to enter it for the last two hundred years, and Elinora and her precocious, easily bored younger sister Tillie have been strictly forbidden from going near it by their parents-a fact that drives Tillie mad.This all changes when they witness a man dropping a mysterious parcel into the river within their property. Despite Elinora's initial reluctance, Tillie-curious and relentlessly persistent-persuades Elinora to go searching for it with her, taking them deep into the woods. There they discover an abandoned puppy with an extraordinary ability, setting them off on a dangerous rescue mission.In order to help Henry find his canine family, Elinora is forced to confront her deepest fears as she, Tillie, and their allies are pitted against a greedy and unscrupulous showman. Over time, they unravel the circumstances surrounding his abandonment, discovering what links their family to the forest, and the forest to Henry's own traumatic past. Together, they set out to achieve

what seems impossible, ultimately revealing the truth of the legendary enchanted woods and the mystic river that flows through it.

**The River** Oct 02 2022 NATIONAL BESTSELLER • From the best-selling author of *The Dog Stars* comes the story of two college students on a wilderness canoe trip—a gripping tale of a friendship tested by fire, white water, and violence. "A fiery tour de force ... I could not put this book down. It truly was terrifying and unutterably beautiful."—*The Denver Post* Wynn and Jack have been best friends since college orientation, bonded by their shared love of mountains, books, and fishing. Wynn is a gentle giant, a Vermont kid never happier than when his feet are in the water. Jack is more rugged, raised on a ranch in Colorado where sleeping under the stars and cooking on a fire came as naturally to him as breathing. When they decide to canoe the Maskwa River in northern Canada, they anticipate long days of leisurely paddling and picking blueberries, and nights of stargazing and reading paperback Westerns. But a wildfire making its way across the forest adds unexpected urgency to the journey. One night, with the fire advancing, they hear a man and woman arguing on the fog-shrouded riverbank; the next day, a man appears on the river, paddling alone. Is this the same man they heard? And if he is, where is the woman? From this charged beginning, master storyteller Peter Heller unspools a headlong, heart-pounding story of desperate wilderness survival.

**Every Day the River Changes** Jan 01 2020 An exhilarating travelogue for a new generation about a journey along Colombia's Magdalena River, exploring life by the banks of a majestic river now at risk, and how a country recovers from conflict. An American writer of Argentine, Syrian, and Iraqi Jewish descent, Jordan Salama tells the story of the Río Magdalena, nearly one thousand miles long, the heart of Colombia. This is Gabriel García Márquez's territory—rumor has it Macondo was partly inspired by the port town of Mompox—as much as that of the Middle Eastern immigrants who run fabric stores

by its banks. Following the river from its source high in the Andes to its mouth on the Caribbean coast, journeying by boat, bus, and improvised motobalineras, Salama writes against stereotype and toward the rich lives of those he meets. Among them are a canoe builder, biologists who study invasive hipopotamuses, a Queens transplant managing a failing hotel, a jeweler practicing the art of silver filigree, and a traveling librarian whose donkeys, Alfa and Beto, haul books to rural children. Joy, mourning, and humor come together in this astonishing debut, about a country too often seen as only a site of war, and a tale of lively adventure following a legendary river.

*Saints at the River* May 17 2021 When a twelve-year-old girl drowns in the Tamassee River and her body is trapped in a deep eddy, the people of the small South Carolina town that bears the river's name are thrown into the national spotlight. The girl's parents want to attempt a rescue of the body; environmentalists are convinced the rescue operation will cause permanent damage to the river and set a dangerous precedent. Torn between the two sides is Maggie Glenn, a twenty-eight-year-old newspaper photographer who grew up in the town and has been sent to document the incident. Going Up the River May 05 2020 The American prison system has grown tenfold in thirty years, while crime rates have been relatively flat: 2 million people are behind bars on any given day, more prisoners than in any other country in the world — half a million more than in Communist China, and the largest prison expansion the world has ever known. In *Going Up The River*, Joseph Hallinan gets to the heart of America's biggest growth industry, a self-perpetuating prison-industrial complex that has become entrenched without public awareness, much less voter consent. He answers, in an extraordinary way, the essential question: What, in human terms, is the price we pay? He has looked for answers to that question in every corner of the “prison nation,” a world far off the media grid — the America of struggling towns and cities left behind by the information age and desperate for jobs and money. Hallinan shows why the more prisons we build, the more prisoners we create, placating everyone at the expense of the voiceless prisoners, who together make up one of the largest migrations in our nation's history.

**The People of the River** Nov 10 2020 In this history of the black peasants of Amazonia, Oscar de la Torre focuses on the experience of African-descended people navigating the transition from slavery to freedom. He draws on social and environmental history to connect them intimately to the natural landscape and to Indigenous peoples. Relying on this world as a repository for traditions, discourses, and strategies that they retrieved especially in moments of conflict, Afro-Brazilians fought for autonomous communities and developed a vibrant ethnic identity that supported their struggles over labor, land, and citizenship. Prior to abolition, enslaved and escaped blacks found in the tropical forest a source for tools, weapons, and trade--but it was also a cultural storehouse within which they shaped their stories and records of confrontations with slaveowners and state authorities. After abolition, the black peasants' knowledge of local environments continued to be key to their aspirations, allowing them to maintain relationships with powerful patrons and to participate in the protest cycle that led Getulio Vargas to the presidency of Brazil in 1930. In commonly referring to themselves by such names as "sons of the river," black Amazonians melded their agro-ecological traditions with their emergent identity as political stakeholders.

**The River at Night** Apr 03 2020 A “raw, relentless, and heart-poundingly real” (Ruth Ware, New York Times bestselling author) thriller set against the harsh beauty of the Maine wilderness, *The River at Night* charts the journey of four friends as they fight to survive the aftermath of a white water rafting accident. Winifred Allen needs a vacation. Stifled by a soul-crushing job, devastated by the death of her beloved brother, and lonely after the end of a fifteen-year marriage, Wini is feeling vulnerable. So when her three best friends insist on a high-octane getaway for their annual girls’ trip, she signs on, despite her misgivings. What starts out as an invigorating hiking and rafting excursion in the remote Allagash Wilderness soon becomes an all-too-real nightmare; a freak accident leaves the women

stranded, separating them from their raft and everything they need to survive. When night descends, a fire on the mountainside lures them to a ramshackle camp that appears to be their lifeline. But as Wini and her friends grasp the true intent of their supposed saviors, long buried secrets emerge and lifelong allegiances are put to the test. To survive, Wini must reach beyond the world she knows to harness an inner strength she never knew she possessed. With intimately observed characters and visceral prose, *The River at Night* “will leave you gasping, your heart racing, eyes peering over your shoulder to see what follows from behind” (Mary Kubica, New York Times bestselling author). This is a dark exploration of creatures—both friend and foe—that you won’t soon forget.

**A River** Aug 27 2019 “This stunningly illustrated book, rendered in deep blues and greens, charts a river’s meandering course through cities, farms and jungles.” —Entertainment Weekly A Winner of the New York Times/New York Public Library Best Illustrated Children’s Books Award There’s a river outside my window. The River and the Wall Mar 27 2022 When a team of five explorers embarked on a 1,200-mile journey down the Rio Grande, the river that marks the southern boundary of Texas and the US-Mexico border, their goal was to experience and capture on film the rugged landscapes of this vast frontier before the controversial construction of a border wall changed this part of the river forever. The crew—Texas filmmaker Ben Masters, Brazilian immigrant Filipe DeAndrade, Texas conservationist Jay Kleberg, wildlife biologist Heather Mackey, and Guatemalan-American river guide Austin Alvarado—began the trip in El Paso, pedaling mountain bikes through the city’s dry river bed. Their path took them on horseback through the Big Bend, down the Wild and Scenic stretch of the river in canoes, and back to bikes from Laredo to Brownsville. They paddled the last ten miles through a forest of river cane to the Gulf of Mexico. As they made their way to the Gulf, they met and talked with the people who know

and live on the river—border patrol, wildlife biologists, ranchers, politicians, farmers, social workers, locals, and travelers. They climbed the wall (in twenty seconds). They encountered rare black bears, bighorn sheep, and birds of all kinds. And they sought to understand the complexities of immigration, the efficacy of a wall, and the impact of its construction on water access, wildlife, and the culture of the borderlands. *The River and the Wall* is both a wild adventure on a spectacular river and a sobering commentary on the realities of walling it off.

**The River Is in Us** Nov 22 2021 Winner of the Labriola Center American Indian National Book Award 2017 Mohawk midwife Katsi Cook lives in Akwesasne, an indigenous community in upstate New York that is downwind and downstream from three Superfund sites. For years she witnessed elevated rates of miscarriages, birth defects, and cancer in her town, ultimately drawing connections between environmental contamination and these maladies. When she brought her findings to

environmental health researchers, Cook sparked the United States' first large-scale community-based participatory research project. In *The River Is in Us*, author Elizabeth Hoover takes us deep into this remarkable community that has partnered with scientists and developed grassroots programs to fight the contamination of its lands and reclaim its health and culture. Through in-depth research into archives, newspapers, and public meetings, as well as numerous interviews with community members and scientists, Hoover shows the exact efforts taken by Akwesasne's massive research project and the grassroots efforts to preserve the Native culture and lands. She also documents how contaminants have altered tribal life, including changes to the Mohawk fishing culture and the rise of diabetes in Akwesasne. Featuring community members such as farmers, health-care providers, area leaders, and environmental specialists, while rigorously evaluating the efficacy of tribal efforts to preserve its culture and protect its health, *The River Is in Us* offers important lessons for improving environmental health research and health care, plus detailed insights into the struggles and methods of indigenous groups. This moving, uplifting book is an essential read for anyone interested in Native Americans, social justice, and the pollutants contaminating our food, water, and bodies.

Crossing the River Feb 11 2021 From the acclaimed author of Cambridge comes an ambitious, formally inventive, and intensely moving evocation of the scattered offspring of Africa. It begins in a year of failing crops and desperate foolishness, which forces a father to sell his three children into slavery. Employing a brilliant range of voices and narrative techniques, Caryl Phillips follows these exiles across the river that separates continents and centuries. Phillips's characters include a freed slave who journeys to Liberia as a missionary in the 1830s; a pioneer woman seeking refuge from the white man's justice on the Colorado frontier; and an African-American G.I. who falls in love with a white Englishwoman during World War II. Together these voices make up a "many-tongued chorus" of

common memory—and one of the most stunning works of fiction ever to address the lives of black people severed from their homeland.

*To the River* Aug 20 2021 *To the River* is the story of the Ouse, the Sussex river in which Virginia Woolf drowned in 1941. One idyllic, midsummer week over sixty years later, Olivia Laing walked Woolf's river from source to sea. The result is a passionate investigation into how history resides in a landscape and how ghosts never quite leave the place they love.

Forgoing all contact with civilization, he lived as a brother with the Akaramas — shaving and painting his body, hunting with Stone Age weapons, sleeping in the warmth of the body-pile.

**Someone to Ride the River With** Jan 13 2021 Over a century ago, an unwritten code of ethics began to emerge among the cowboys of the West. With time, cowboys of all colors and creeds operated by their own version of it, or risked being ostracized - or worse. But after over twenty years of traveling and documenting America's vanishing West, Award-winning photographer and journalist Jim Tunell saw that the original Code of the West - had seen better days. **The River Why** Oct 29 2019 The classic novel of fly fishing and spirituality republished with a new Afterword by the author. Since its publication in 1983, *The River Why* has become a classic. David James Duncan's sweeping novel is a coming-of-age comedy about love, nature, and the quest for self-discovery, written in a voice as distinct and powerful as any in American letters. Gus Orviston is a young fly fisherman who leaves behind his comically schizoid family to find his own path. Taking refuge in a remote cabin, he sets out in pursuit of the Pacific Northwest's elusive steelhead. But what

begins as a physical quarry becomes a spiritual one as his quest for self-knowledge batters him with unforeseeable experiences. Profoundly reflective about our connection to nature and to one another, *The River Why* is also a comedic rollercoaster. Like *Gus*, the reader emerges utterly changed, stripped bare by the journey Duncan so expertly navigates.
