The Sacraments and Consumer Culture Jul 19 2019 2021 Catholic Media Association Award first place award in sacraments What does consumerism have to do with the sacraments? We live in cultures where our senses of meaning, identity, and purpose are often found in what we purchase. Apart from the question of hedonism, there is the question of how we orient ourselves in an environment in which we end up marketing our very selves. In this book, Timothy Brunk examines how this consumer culture has had a corrosive effect on the seven sacraments of the Catholic Church. He also assesses how sacramental worship can provide resources for responsible Christian discipleship in today's consumer culture.

T&T Clark Handbook of Sacraments and Sacramentality Nov 22 2019 Introducing readers to the contemporary field of sacramental theology, this volume covers the biblical and historical foundations, a survey of the state of the discipline, and a collection of constructive essays representing major themes, practices and approaches to sacraments and sacramentality in the contemporary world. The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars, analysing a number of historical figures in order to illumine and inform contemporary sacramental theology. The second part of the volume is dedicated to a series of essays on sacramentality, and includes attention to elements of space, time, ritual action, music, and word, all as aspects of what Christians have termed "sacramental" reality. The third set of essays includes attention to each of the seven practices that have most commonly been termed "sacraments" in Christian traditions: baptism; eucharist/Lord's Supper; confirmation; confession, forgiveness and reconciliation; marriage; ordination; and anointing. The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines: critical race theory, queer theory, comparative theology, and disability studies.

Confirmation Jul 31 2020 What are we doing when we confirm teenagers? Why is the religious education of teenagers so perplexing? Why is confirmation often a moment of "graduation" out of parish life? Confirmation: How a Sacrament of God's Grace Became All about Us tells the story of how confirmation, more than any other sacrament, has interacted with secular culture to give rise to these kinds of pastoral challenges. At the same time, confirmation has, over the course of the twentieth century, become a sacramental stamp of approval for various Catholic renewal movements. The cultural shifts of the last century have led to various theological themes for confirmation, creating a crisis of meaning today. Is confirmation a personal choice for faith, or is it the deepening of an ongoing relationship with the Divine? Timothy Gabrielli gives us a fresh approach for addressing these pressing questions.

Meeting Christ in the Sacraments Apr 20 2022 Fundamentals of sacramental theology. A classic.

Sacraments and Sacramentals Sep 25 2022 The Handbook for Liturgical Studies provides a complete course of liturgical studies in five volumes. It is offered as a model, source, and reference for students of liturgy and liturgical ministry. The Handbook for Liturgical Studies is marked by a number of traits which differentiate it from its predecessor Anamnesis, published by the Pontifical Liturgical Institute. First, the subjects in the liturgical ordo, history, and tradition are examined as sources and components of the theology of liturgy. Next, the Handbook pays significant attention to the role played by the human sciences in the liturgy (psycho-sociology, anthropology, linguistics, and the arts.) Pastoral and spiritual considerations receive appropriate treatment in light of liturgical principles, and general models based on the meaning and purpose of the liturgy are suggested. The materials of the East and the non-Roman West are integrated with the Roman, providing a comprehensive vision of Christian worship. More than forty authors from Asia, Africa, Latin America, North America, and Eastern and Western Europe have contributed to the Handbook. Many are professors and graduates of the Pontifical Liturgical Institute in Rome. Each author, while drawing material from liturgical tradition and from ancient, medieval, and modern sources, writes also from a particular research and personal interest in a subject. Although diverse in style, the authors collectively express a spirit of fidelity to the Church, to its doctrine and tradition, and to its mission. The result is a cohesive view of the meaning, purpose, and celebration of Christian worship. The editor's goal through these volumes is for students to pay particular attention to the gradual unfolding of the material from Volume I to Volume V as well as to the methodology, historical setting, theological and spiritual doctrines, and the pastoral concerns in the Handbook. Through the study of these volumes, readers are led not only to a scientific understanding of the liturgy but also to an active and spiritually fruitful participation in the ecclesial celebration of Christ's mystery desired by the Second Vatican Council. Volume IV: Sacraments and Sacramentals contributes to a deeper understanding of the nature and purpose of sacraments and sacramentals and leads the reader to a more critical appreciation of Vatican II decrees and what the postconciliar reform has implemented. This fourth volume in the Handbook for Liturgical Studies series opens with a review of the basic liturgical notion of sacraments and sacramentals and then examines them according to their earliest known form going back to the first four centuries. After the fourth century the treatment is divided between the East and the West. Where opportune, as in the case of confirmation, questions are raised about pastoral implications of the postconciliar reform. Articles and their contributors are "Christian Initiation During the First Four Centuries," by Adrien Nocent, O.S.B.; "Christian Initiation in the East," by Stefano Parenti; "Christian Initiation in the Roman Church from the Fifth Century Until Vatican II," by Adrien Nocent, O.S.B.; "Reconciliation in the First Four Centuries," by Antonio Santantoni; "Reconciliation in the Eastern Churches," by Nicola Bux; "Reconciliation in Rome and the Non-Roman West," by Antonio Santantoni; "Anointing of the Sick During the First Four Centuries," by Stefano Parenti; "Care and Anointing of the Sick in the East," by Stefano Parenti; "The Anointing of the Sick in the West," by Philippe Rouillard, O.S.B.; "Orders and Ministries in the First Four Centuries," by Antonio Santantoni; "Ordinations in the East," by Stefano Parenti; "Ordination and Ministries in the West," by Antonio Santantoni; "The Christian Rite of Marriage in the East," by Stefano Parenti; "The Christian Rite of Marriage in the West," by Adrien Nocent, O.S.B.; "Monastic Profession in the East," by Manel Nin, O.S.B.; "Rite of Religious Profession in the West," by Matias Aug., C.M.F.; "The Rite of Consecration of Virgins," by Nichola Emsley, O.S.B.; "Funeral Rites in the East," by Elena Velkova Velkovska; "Funeral Rites in Rome and the Non-Roman West," by Vincent Owusu, S.V.D.; "Blessings in the East," by Elena Velkova Velkovska; and "Blessings in Rome and the Non-Roman West," by Renier Kaczynski. This is a valuable reference tool for the scholar who needs to locate the significant text in any research area on the sacraments. Theological Studies

Sacramental Theology Aug 20 2019 Both resistance to and renewed interest in the sacraments mark current theological thought. This work acknowledges human limitations of the sacraments but stresses that God's relationship to human beings cannot be other than sacramental." Sacramental structures and events constitute salvation history, and thus permeate all theology. What makes this sacramental view comprehensible is faith; faith is an indispensable precondition for a sacramental theology. Therefore, the author first demonstrates the preconditions of faith on which sacramental theology rests, and what place it holds within the whole of theology. Following this, he briefly presents the concept of sacraments and the history of that concept, the teachings of Church tradition on sacraments in general, and the basic features of a sacramental theology. Next, he explains from a theological perspective the traditional sacraments of the Catholic Church, including related topics such as indulgences and sacramentals.

Christian Theologies of the Sacraments Sep 13 2021 What are the sacraments? For centuries, this question has elicited a lively discussion and among theologians, and a variety of answers that do anything but outline a unified belief concerning these fundamental ritual structures. In this extremely cohesive and well-crafted volume, a group of renowned scholars map the theologies of sacraments offered by key Christian figures from the Early Church through the twenty-first century. Together, they provide a guide to the variety of views about sacraments found throughout Christianity, showcasing the variety of approaches to understanding the sacraments across the Catholic, Protestant, and Orthodox faith traditions. Chapters explore the theologies of thinkers from Basil to Aquinas, Martin Luther to Gustavo Gutiérrez. Rather than attempting to distill their voices into a single view, the book addresses many of the questions that theologians have tackled over the two thousand year history of Christianity. In doing so, it paves the way for developing theologies of sacraments for present and future contexts. The text places each theology of the sacraments

into its proper sociohistorical context, illuminating how the church has used the sacraments to define itself and its congregations over time.

Handbook for Liturgical Studies, Volume IV Dec 04 2020 Volume IV: Sacraments and Sacramentals contributes to a deeper understanding of the nature and purpose of sacraments and sacramentals and leads the reader to a more critical appreciation of Vatican II decrees and what the postconciliar reform has implemented. This fourth volume opens with a review of the basic liturgical notion of sacraments and sacramentals and then examines them according to their earliest known form going back to the first four centuries. After the fourth century the treatment is divided between the East and the West. Anscar J. Chupungco, OSB, is the director of the Paul VI Institute of Liturgy in the Philippines and professor of liturgical inculturation at the Pontifical Liturgical Institute in Rome. Among his publications are *Liturgies of the Future: The Process and Methods of Inculturation* and *Liturgical Inculturation: Sacraments, Religiosity, and Catechesis*, published by The Liturgical Press. "

The Sacrament of the Eucharist May 09 2021 In *The Sacrament of the Eucharist*, the latest volume in the *Lex Orandi* Series, John D. Laurance considers the Eucharist by way of two questions: How, by his first-century life, death, and resurrection, does Jesus Christ save all human beings throughout history from eternal death and make possible their permanent union with God? How is that salvation made available now through the community of the church in her liturgical celebrations? Soteriology and ecclesiology therefore play a prominent role in Laurance's investigation. After forging a theology of the liturgy primarily out of the work of Rahner, Kilmartin, and Chauvet, the author investigates the nature of the *lex orandi*, *lex credendi* relationship and offers guidelines on how best to read the church's faith in her life of prayer. He then uses both steps to discover the faith meaning of a particular Eucharist as typically celebrated in a modern American parish on Sunday morning.

Practical Sacramental Theology Nov 03 2020 What motivates practice of the liturgy and sacramental rites of the church? Does the worship of God begin and end within each ritual enactment, or does the truth and value of sacramental celebration reside in the broader context of Christian life in church and society? For more than two decades, prominent Jesuit sacramental-liturgical theologian Bruce Morrill has explored the promise and problems inherent in the Second Vatican Council's call to renew liturgy's basic purpose—namely, the glorification of God and the sanctification of people. Morrill's fundamental argument is that this ancient Christian principle is of a piece, that divine glory and human holiness are, so to speak, two sides of a single coin. The value of liturgy and sacraments is depleted, if not lost, unless they function within a holistic practice of faith that seeks the upbuilding of ethical lives, personal and social. With numerous real-life examples plus references to current sociological studies, the chapters address both modern challenges to and biblical and traditional resources for the celebration of sacramental rites today.

Toward a Trinitarian Theology of Liturgical Participation Sep 20 2019 Half a century after the Second Vatican Council called for the active participation of the laity in the liturgy, a comprehensive theology of what liturgical participation actually means remains elusive. While most sacramental studies have highlighted the role and action of Christ, the conciliar reform and the theology that emanated from it call for a deeper trinitarian understanding of the liturgy and sacraments. In this fascinating new work, Gabriel Pivarnik identifies the major theological developments in the concept of active participation of the last century, most notably in *Mediator Dei* and the Vatican II documents. He also considers the reception of those developments. Drawing especially on the work of Cipriano Vagaggini and Edward Kilmartin, Pivarnik offers a lucid demonstration of how liturgical participation can be viewed in metaphysical, soteriological, and ecclesiological terms through the lens of a trinitarian narrative.

Baptist Sacramentalism 2 Jan 25 2020 This second collection of essays exploring various dimensions of sacramental theology from a Baptist perspective includes biblical, historical and theological studies from scholars from around the world. Subjects covered are sacraments and sacramentality, sacrament and sacrifice in Hebrews, the sacrament of fearful intimacy, the church as sacrament, baptism and the Lord's supper for post-Christendom Baptists, Pauline baptism and Roman Insulae, open communion for the contemporary church, penance, sacred space, recovering a biblical understanding of baptismal regeneration, the Lord's supper and the spirituality of C.H. Spurgeon, Southern Baptist eucharistic sacramentalism and soul competency, re-thinking *ex opere operato* sacramentalism, the sacramentality of the word in Gregory of Nyssa, and searching for a common theology of baptism between Baptists and the Churches of Christ. This volume does not speak the final word on the subject, but is a step along the way toward the recovery and reconstruction of a robust sacramentalism in a Baptist modality.

The Cleansing of the Heart Dec 24 2019 Provides the historical context for understanding the development of sacramental causality as a theological topic in the scholastic period, emphasizing the unique features of Aquinas' response to this question. Following this, relevant texts from Aquinas' early and later work are examined, noting Aquinas' development and integration of the idea of sacramental causality in his later work.

Sacraments and Worship Feb 18 2022 The church's development and use of sacraments has evolved in many ways from the days of the early church to the present. This sourcebook provides key theological texts that played a role in those movements. Johnson traces the history and theology of individual sacraments along with their liturgical context in the church's worship. He includes

materials previously developed in James F. White's classic collection, *Documents of Christian Worship: Descriptive and Interpretive Sources* (Westminster John Knox Press, 1992), and supplements these to provide a wide range of indispensable materials. He also contributes helpful background notes to give the reader the full breadth and depth of the church's thought on these important topics. This book will be of great value to those studying the history of Christian worship and the development of the sacraments.

Handbook for Liturgical Studies: Fundamental liturgy Jul 11 2021 What concepts must one have in order to understand and explain the nature and purpose, the plan and actualization, and the relational character of the liturgy? Volume 2: *Fundamental Liturgy* addresses this question in three parts - epistemology, celebration, and human sciences - which develop the foundational concepts of the liturgy. It leads the reader to a deeper understanding of the liturgy by examining the basic concepts that belong to its definition. Articles and their contributors are *Theology of the Liturgy*, " by Alceste Catella; *Liturgical Symbolism*, " by Crispino Valenziano; *Liturgy and Spirituality*, " by Jesus Castellano Cervera, OCD; *Pastoral Liturgical Ministry*, " by Domenico Sartore, CSJ; *Catechesis and Liturgy*, " by Domenico Sartore, CSJ; *Liturgy and Ecclesiology*, " by Nathan Mitchell; *The Liturgical Assembly*, " by Mark Francis, CSV; *Participation in the Liturgy*, " by Anna Kai-Yung Chan; *Liturgical Ministries*, " by Thomas A. The Atonement and the Sacraments Mar 07 2021 Robert Paul presents his study of the Atonement in three sections. The first covers the period from the Apostolic Fathers, on through the scholastic and Reformation writers, to the eighteenth century. The second begins with the evangelical revival and brings the history of thought on the Atonement down to our own day. The third leads on from an atonement-centered theology to its dramatic expression in and through the Gospel sacraments: two comprehensive chapters on Baptism and the Lord's Supper bring the book to its conclusion. Here is an excellent historical survey of the doctrine of the Atonement for the student.

Baptist Sacramentalism 3 Jun 29 2020 This collection of essays includes historical and theological studies in the sacraments from a Baptist perspective. Subjects explored include the liturgy and sacrament, presence of the Kingdom, some fallacies of Baptist anti-sacramentalism, ...a profound mystery, first communion, sacraments in a virtual world, richly are thy children fed, the sacraments, sacramental practices of the believing community, priesthood of all the people, "laying on of hands," holistic approach to water-baptism, powerful practices, and enough to set a Kingdom laughing.

How Marriage Became One of the Sacraments Jun 17 2019 An indispensable guide to how marriage acquired the status of a sacrament. This book analyzes in detail how medieval theologians explained the place of matrimony in the church and her law, and how the bitter debates of the sixteenth century elevated the doctrine to a dogma of the Catholic faith.

The Sacraments in Protestant Practice and Faith Feb 06 2021 This book traces the most significant changes in practices over the past five centuries, the controversies that they engendered or were born out of, and the faith that these rites were understood to express and embody."--BOOK JACKET.

The Sacrament of the Word Made Flesh Nov 15 2021 "Robert Stamps offers us a compelling case for the significance of the theology of Thomas Torrance to current discussions about Trinitarian doctrine and worship. He shows that Torrance's Christology and Eucharistic thought validates the Reformed confession of a profound, real spiritual presence in the Eucharist. This book serves as a helpful introduction to Torrance, especially his framing of revelation. Moreover, it invigorates our understanding of the theological meaning of sacramental devotion. Its readers will be stimulated, provoked, and, dare I say, inspired by its insights into--and critiques of--one of the most important and recent Reformed thinkers. In sum, this is a timely and exciting book. It will well serve pastors, theologians, and thoughtful Christians of many theological perspectives." MARK VALERI, E. T. Thompson Professor of Church History, Union Theological Seminary, Virginia "One of the values of this work is that it has deliberately sought not so much to discuss a particular problem or a collection of issues as to identify Torrance as an example of an archetypal Reformed theology of the Eucharist. To say that Dr. Stamps has been industrious is patently an understatement: the truth is that he has been indefatigable in his search for the least morsel that Torrance offers. Yet it is not so much as a study of Torrance that this book is to be commended: its great value is that it offers a contextualization of Torrance's thinking on the Eucharist--in ecclesiology, the more general dimension of an incarnational theology--as well as his understanding of cosmology and epistemology. . . . I hope that Dr. Stamps' book will not only find grateful readers but will be repaid by profound reflection on this symbol of the heart of faith." JOHN HEYWOOD THOMAS, Emeritus Professor of Theology, University of Nottingham

The Sacraments Today Apr 27 2020 Juan Luis Segundo, a Jesuit theologian from Uruguay, is author of *Liberation of Theology*, *Liberation of Dogma*, and *The Sacraments Today*.

Efficacious Engagement Aug 12 2021 The long-standing tradition of baptizing infants suggests that the sacraments plunge our bodies into salvation, so the revelation of God's love in the sacraments addresses the whole person, not the mind alone. In this work, the contemporary Roman Catholic rite of baptism for infants becomes a case study, manifesting the connections between the human body, the ecclesial body, and the Body of Christ. The sacramental life, for children as for adults, is an ongoing journey deeper into the life of the Father, the Son, and the Holy Spirit. By

examining the church's practice of infant baptism, Kimberly Hope Belcher asks how human beings participate in God's life through the sacraments. Christian sacraments are embodied, cultural rituals performed by and for human beings. At the same time, the sacraments are God's gifts of grace, by which human beings enter into God's own life. In this study, contemporary ritual studies, sacramental theology, and trinitarian theology are used to explore how participation in the sacraments can be an efficacious engagement in God's life of love. Kimberly Hope Belcher is an assistant professor of theology at Saint John's University, where she teaches sacramental theology and ritual studies. She is a member of the North American Academy of Liturgy and writes for the liturgical blog Pray Tell.

The Sacraments Apr 08 2021 What are the sacraments, really? For centuries, the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects. What, precisely, are those effects, and how are they produced? Traditional theology used Greek philosophy to understand the sacraments and how they work. But is there no other way to understand them? In fact, there are a number of ways, and this book invites you to look at the sacraments through a variety of lenses: psychology, sociology, anthropology, history, theology, morality, and spirituality. As the introduction to this volume challenges, "If you read this book, and especially if you engage in the interactive study to which it invites you, your understanding of sacraments will be changed forever." To help personalize your investigation, the author has created a web site with thought-provoking questions that encourage you to interact with the ideas being proposed in this volume. To engage these topics more deeply, see www.TheSacraments.org.

Sacraments Aug 24 2022 This volume is a first-ever companion to the intellectually and pastorally stimulating work of Louis-Marie Chauvet, one of the most important systematic theologians of liturgy and sacraments in recent times. In this trans-Atlantic venture, pairs of leading thinkers continue the development of sacramental-liturgical theology along six lines of Chauvet's thought: fundamental theology, Scripture and sacrament, ecclesiology, liturgy and ethics, theology and the social sciences, and the theological anthropology of symbolism. Embracing his constant attention to faith as actual practice in history, these francophone and anglophone authors test numerous of Chauvet's insights in the face of new challenges for the church and world, the ongoing mediation of the humanity of God revealed in the crucified and risen Christ. Louis-Marie Chauvet retired in 2008 from the faculty of theology at the Institute Catholique de Paris, while continuing his work as pastor of Saint-Leu-la-Forêt in the Diocese of Pontoise, just outside Paris. He is author of *Symbol and Sacrament: A Sacramental Reinterpretation of Christian Existence* and *The Sacraments: The Word of God at the Mercy of the Body*, both published by Liturgical Press. Philippe Bordeyne is professor of theological ethics and dean of the faculty of theology at the Institut Catholique de Paris. Bruce T. Morrill, SJ, holds the Edward A. Maloy Chair of Catholic Studies in the divinity school at Vanderbilt University where he is also Professor of Theological Studies. In addition to numerous journal articles, book chapters, and reviews, he has published several books, most recently *Encountering Christ in the Eucharist: The Paschal Mystery in People, Word, and Sacrament* (Paulist Press, 2012). His most recent book with Liturgical Press is *Divine Worship and Human Healing: Liturgical Theology at the Margins of Life and Death* (Liturgical Press, 2009).

Sacramental Orders Dec 16 2021 This study of bishops, presbyters, and deacons identifies four conceptualizations of the Church influencing the relationship between ordained ministry and the Church: a monarchical and hierarchical conceptualization; a eucharistic, collegial model representing the communion of particular churches; the priest, prophet, and king motif that structures the concept of the Church as the people of God; and a theology of the Church as a sacrament of Christ and ordained ministry as a sacrament of the Church. It examines the 1990 ordination rites and discusses the sacramentality of episcopal ordination, the identity of the presbyterate, and questions concerning the diaconate.

Sacramentality Renewed Mar 19 2022 Tracing developments in sacramental theology over the past twenty-five years, this study explores a growing ecumenical dynamism in both the academic study of sacramentality and its centrality in pastoral applications. But how does ecumenical excitement in a renewed discovery of sacramental theology fit with different theologies of church and different pastoral beliefs and practices? How does the universality of academic accessibility in the form of an expansive ecumenical sharing of perspectives meet the particularities of pastoral reality and ecclesial polity? Arguing in favor of fruitful ecumenical conversation, this book also focuses on the crucial interaction of ecclesiology, liturgical practice, and sacramentality, which raises the need for a creative tension between the particularities of a given ecclesial system and the catholicity of Christian sacramentality. Using Anglican sacramental theologies and Anglicanism as vehicles of exploration, this study contributes to an overview of the state of the field of sacramental theology in the twenty-first century while challenging the assumption that one size fits all. In sacramental theology, as in other important areas of Christian life, unity in diversity may be the basis for authentic lived sacramentality.

And You Visited Me Jul 23 2022 Priests, deacons, and students of liturgy will find this work a sourcebook for understanding the development of the rites and a guide in the ritual praxis, be it in the church, hospital, home, or emergency situations. Suggestions for ministerial implementation are made in the context of information now available from liturgical scholarship and modern scientific research on sickness and death.

How Marriage Became One of the Sacraments Jun 10 2021 Among the contributions of the medieval church to western culture was the idea that marriage was one of the seven sacraments, which defined the role of married folk in the church. Although it had ancient roots, this new way of regarding marriage raised many problems, to which scholastic theologians applied all their ingenuity. By the late Middle Ages, the doctrine was fully established in Christian thought and practice but not yet as dogma. In the sixteenth century, with the entire Catholic teaching on marriage and celibacy and its associated law and jurisdiction under attack by the Protestant reformers, the Council of Trent defined the doctrine as a dogma of faith for the first time but made major changes to it.

Rather than focusing on a particular aspect of intellectual and institutional developments, this book examines them in depth and in detail from their ancient precedents to the Council of Trent.

The Lamb's Supper Mar 27 2020 As seen on EWTN, bestselling author Scott Hahn unveils the mysteries of the Mass, offering readers a deeper appreciation of the most familiar of Catholic rituals. Of all things Catholic, there is nothing that is so familiar as the Mass. With its unchanging prayers, the Mass fits Catholics like their favorite clothes. Yet most Catholics sitting in the pews on Sundays fail to see the powerful supernatural drama that enfolds them. Pope John Paul II described the Mass as "Heaven on Earth," explaining that what "we celebrate on Earth is a mysterious participation in the heavenly liturgy." The Lamb's Supper reveals a long-lost secret of the Church: The early Christians' key to understanding the mysteries of the Mass was the New Testament Book of Revelation. With its bizarre imagery, its mystic visions of heaven, and its end-of-time prophecies, Revelation mirrors the sacrifice and celebration of the Eucharist.
