True Scary Stories: Volume Five (The Shadow Man - Part Two) Oct 20 2021 About This Book: Studying shadow men causes them to appear. Writing about them does, too.

Some creepy things have happened to me since I first decided to publish about shadow men. They're not happy that I wrote about them. Here's my story explaining. About this series: This is not just a horror novel or a true life story, it's also a game. I wanted to write out my real life supernatural experiences, but I also wanted to remain anonymous, so I disguise my identity by writing two fake stories along with every real story I tell. It's your job to figure out which story is true and which ones are fake.

Eerie True Ghost Stories From The Scariest Places On Earth! Are you a self-confessed horror freak? Are there few things you love better than a good horror story to tell around a campfire or at parties? Let's face it, ghost stories make for great conversation topics. A little macabre, sure, but entertaining nevertheless. It is often difficult to explain what lives in the beyond, why certain paranormal activities take place the way they do, cold spots, mysterious happenings and the likes. It does not matter if you think ghosts are real or just a figment of someone's imagination. Everyone believes in a good horror story if it is spooky enough. Strange happenings have occurred across the globe that there is no possible explanation for, things that are outside the reach of scientific clauses and reasoning. Apparitions, noises and EVP readings are things that point to the unknown, telling us it exists, yet science cannot provide a reasonable explanation as to why it might be true. Make sure you check for monsters under your bed, say a silent prayer before you go to bed and be wary of what lays in the dark, for this book compiles the spookiest, most eerie true horror stories of all time!

Pediophobia, as this fear is scientifically named, can range from modern Barbie and Bratz dolls all the way to porcelain and antique dolls. Some only have a fear of one kind of doll, others have a fear of every doll imaginable. But, all in all, the fear is generally classified as one of the many phobias people face in life, and isn't taken seriously. Then, there are times that dolls should be feared. Not all dolls, not all of a specific kind of doll, but dolls that have been grasped by beings we can't see. Dolls that have been brought under the power of beings we can't normally hear or feel. Dolls that have become haunted... Though they look innocent, harmless, and like the perfect companion for any little boy or girl, these dolls are malevolent, malicious, and horrifying. **50 Real Ghost Stories** Sep 18 2021 A real ghost story should never end perfectly. That is my rule of thumb. After investigating ghost experiences for nearly thirty years, I realised that the finely polished stories told by storytellers and "ghost walkers" were exactly that - polished. In polishing stories we lose the personality of the haunted and indeed the haunter itself, that is why in my books, research papers and articles, I always maintain the original testaments and facts. The stories that I have collected for you now are rough diamonds, totally unpolished and any additions by myself are kept to a

minimum and noted clearly." P. [4] of cover.

The Haunted Violin Aug 18 2021 The Haunted Violin is an almost true story Dad told me as a child. The house was an abandoned house located outside the small town Dad grew up in. The house stayed empty for many years till two brave boys discovered the source of the spooky sounds that came eerily on a regular basis. Late one afternoon Roy and Johnny walked slowly up Jensen Road; a summer storm threatened the hot air. The silence is suddenly pierced by the spine tingling sounds of a violin, not a song, but sounds like bony fingers running across the strings. The boys freeze, Johnny looks at Roy and whispers, Hey Roy, I bet youre too chicken to go inside and get that creepy violin! Roys heart pounds loudly, and his hands are suddenly icy. He stares at the spooky house and says, I aint afraid of nothing, and when I bring that violin out, your new Babe Ruth card is all mine! Johnny nods his head thoughtfully, Deal! The Haunted Violin is based on a story Dad, (Roy), told us. Strange sounds were often heard coming from the old abandoned house and it remained empty till the source of the mysterious

sounds were discovered. This story would be great for the four-to-eight-year-old age group. Children love a scary story, but also appreciate an ending where the mystery is resolved in a non threatening way.

**Haunted Stories** Aug 06 2020 Cue the Nightmares: True Scary Stories for Midnight Reading... Get Your FREE BONUSES When You Grab This Book! Despite the advent of science and technology that helps us understand the 'how's' and the 'whys' of things, the universe still offers a colossal variety of mysteries that humans are still yet to explore and understand. Having said that, the standard mysteries, those which have perplexed humanity from the very beginning, continue to do so. Strange creatures and things fall, at times slowly, from rather unknown sources; people walk over glowing trenches of hot coals, encounter monsters in mountains and lakes, are subject to strange coincidences, so on and so forth. History has many disturbing episodes that few of us would care to experience ourselves. So many of these stories are sad but true. Sometimes, after such incidents, dark and evil energies remain in these places of horror for decades to come, haunting all that come near. Over the years, I have learnt, read and write about these unexplained mysteries, and one thing I have understood is that the nature of our existence and the world are quite different from that which we learned when we were young. The reality is more large, fascinating and expansive than any

rational, scientific or religious view can perhaps accommodate. Remember, explanations are just temporary, going on and off in response to fads and fashions. However, the happenings they are supposed to explain carry on as mysteriously as ever. Here Is A Preview Of What's Inside... Watch with astonishment as poltergeists wreak havoc, tapping and
