*Guy in the Jungle, a Boy's Adventure in the Wilds of Africa* Sep 10 2020 "It was November in London. The great city was buried under a dank, yellow fog. Traffic was temporarily checked; foot passengers groped their way by the light of the street lamps, and the hoarse shouts of the link boys running before cabs and carriages with blazing torches rang at intervals above the muffled rumble of countless wheels. "In the coffee-room of a quiet hotel on the Strand a young man stands by the window, looking pensively out on the misty street. He is quite young, with light hair that falls half over his forehead, and a drooping, golden mustache, and in rather startling contrast to these a deep-bronzed complexion that tells of foreign lands and tropical suns." In *Guy in the Jungle* Sexton Blake tracks down a missing British heir in India only to find a wild boy raised in the wild by panthers! William Murray Graydon was an American-born writer of adventure and detective fiction. He wrote more than 100 Sexton Blake Stories. Pseudonyms include Alfred Armitage, William Murray Gordon, William Murray, and Tom Olliver.

**Stanley's Adventures in the Wilds of Africa - the Original Classic Edition** Jun 19 2021 *Stanley's Adventures in the Wilds of Africa* by Joel Tyler Headley and William Fletcher Johnson - The Original Classic Edition Finally available, a high quality book of the original classic edition. This is a new and freshly published edition of this culturally important work, which is now, at last, again available to you. Enjoy this classic work today. These selected paragraphs distill the contents and give you a quick look inside: No matter what the ruling motive may have been in each case, whether, as in Livingstone, to introduce Christianity; or, in Baker, to put a stop to the slave trade; or, in Stanley, to unlock the mystery of ages, still the tendency has been the same: to bring Africa into the family of continents instead of being the earth's pariah; to throw light on this black spot of our planet, and make those who inhabit it practically and morally, what they are really, a portion of the human race. ...Whether the military authorities were afraid of this sudden conversion or not daring to give too much freedom of action to one who showed by his whole bearing and language, that there was no undertaking too daring for him to attempt, we are not told, but they put him where he would probably have little chance to show what stuff he was made of, and he was placed on the iron-clad ship *Ticonderoga*. ...Bennett knew he had resources within himself-nerve that never flinch, courage that no amount of danger could daunt, a will that neither an African fever nor a wasted form could break down, and a resolution of purpose that the presence of death itself could not shake, while, to complete all, he had a quickness and accuracy of judgment in a perilous crisis, followed by equally quick and right action, which would extricate him out of difficulties that would overwhelm men who had all his courage, will and energy, but were slower in coming to a decision. ...Bennett, when he had once made up his mind, was not easily drawn aside from his purpose, I yet thought, seeing it was such a gigantic scheme, that he had not quite considered in his own mind the pros and the cons of the case, I said: I have heard that, should your father die, you would sell the *Herald*, and retire from business. ...There is nothing in them that illustrates the peculiar characteristics of Stanley more than, or even so much as, his subsequent acts, hence his brief summary of this tour, that seems to have had no definite object whatever, except to give the correspondent of the *Herald* something to do, until the proper moment to start on the expedition for Livingstone, is, perhaps, the best account that could be given, so far as the general reader is concerned.

*Stanley's Adventures in the Wilds of Africa* Oct 24 2021 Excerpt from Stanley's Adventures in the Wilds of Africa: A Full Account of the Two Famous Expeditions of Henry M. Stanley, the Fearless and Peerless Explorer of the Dark Continent For centuries Africa has been the dark continent of our globe. The sea-washed edges of this immense tract have been known time immemorial. Egypt, at its northeastern corner, is the Oldest of the governments of the earth; while the nations skirting the Red and the Mediterranean seas were actors in the earliest recorded history. But Africa as a whole has been an unknown land. That it was a fertile land, was demonstrated by the treasures brought from its depths by those mighty rivers, the Nile, the Niger and the Congo. That it was populous, was proven by the fact that its native tribes had furnished to the world with out, forty millions of slaves in the period of two centuries. Both the Slave-hunter and the slave told wondrous tales of the inner depths of the land, but these were mere hints as to the actual facts of the case. Africa remained a mystery and a riddle, that seemingly were never to be penetrated. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
