## **Poems That Express Different Aspects of Emotions**

Dec 06 2020 Have you ever wondered what it would be like to experience different emotions after reading a poem? How would you truly feel? Everyone may feel differently because everyone might react differently to the same poem. Or some people may experience the same emotions. **Poems that Express Different Aspects of Emotions** uses

surrealism, abstraction, realism, and literal kinds of poetry to create a different aspect of emotion from within you. That's right! This book is designed to bring out what you feel based on what you experience as you read the poem. Amanda Libbers hopes that this book brings out primarily positive emotions, though it might bring out a little sadness too. If you are looking to experience different things in the realm of Christian viewpoints, this is the book for

you! (Note: Christian viewpoints are interpreted as literally as possible and referenced as such when using or interpreting scripture directly within a poem.) **If Only Words Could Breathe** Jun 12 2021 Have you ever felt something so deep that it scared you? Have you ever felt so drowned in emotion that it drained you? Have you ever faced something so real that it forever changed you? This book is a collection of those moments, thoughts, poetry,

musings and observations that are woven into an unconscious, yet hugely familiar narrative. In these words, you will find your moments of fear, expressions of joy, teardrops of truth, questions of curiosity and reflections on love. If only words could breathe, they would have this to say.

*500 Stanzas of Motivation and Inspiration* Aug 14 2021 My book, *500 Stanzas of Motivation and Inspiration*, is one of my best and greatest projects ever. I started writing poems down over a period of five years. Within these pages you can find content of motivational, inspirational and enlightening nature that touches upon success, strength, courage, confidence, happiness, goals, achievement, overcoming adversity, positive thinking, hard work, meaning of life, passion, determination, discipline, focus, self-empowerment, greatness, love, faith and more!. I want you to think about a challenge you have in your life right now. What is in your way? Have you been evading the solution? What do you need to move on the next step? These are some of the best poems and messages about life and success that will help boost your confidence & uplift your spirit to believe in yourself, stay positive, keep going, and never give up. I've put myself into the shoes of many individuals and have felt many emotions for the completion of this book. I put a lot of emphasis on motivation and inspiration because I'm centered on growth; a part of growth is fun and happiness. I

just love to entertain, encourage and inspire people, not to be like me, but to be the best version of themselves. I really enjoy putting concepts together in a more digestible sense for people to better understand; I experience great joy from reading my own work, and since other people enjoy it as well, then it is a win-win and I am deeply honored and will continue working in your favor.

Poem ~ TO THE TEACHER  
In the midst of indecision  
When this world seems split apart,  
And the joy of what was once  
safe Turns solid in the heart;  
In these days of growing  
wonderment  
When confusion rears its head,  
And time is twisted, tightly, slightly,  
To find so many dead;  
In the work that lasts forever  
When answers can't be found,  
And so many of us turn our heads  
With tearful, fearful frowns:  
You surpass that gory doubt,  
And finger through the mire,  
To lighten up so many minds,  
And cultivate desire. © 2012 Tom Blaisse  
**Diary with the Lord** Oct 04 2020 ...  
You may be broken in parts,  
Scattered on the floor.  
Put your faith in Jesus. He will find your pieces,  
And finish what He started ...  
Prudence Edwards has made it her personal mission to encourage others to recognize the greatness of our Creator. In a collection of inspirational poetry, Edwards leans on her personal walk with the Lord to share lyrical reflections that not only focus on her lowest points when her faith was tested, but also on her determination to trust God's power and grace to carry her through challenging times. Her poems explore the supernatural blessings she has received even in her darkest hours - the dark pits were ladders toward her destination. Her work acknowledges that God is fighting for all of us, and why we must always place our faith in Jesus our Saviour. *Diary with*

**Teaspoons Full of Love & Positivity - Life Etched Into Poems** May 11 2021  
This book talks about the power of positivity. Swati Munjal in her maiden book immaculately takes you through the journey of life where one encounters various relations which she chooses to call as 'teachers and instruments for self growth' and how they lead to the onset of emotions, be it anger, hatred, jealousy, helplessness and many more. Through this book she has made an earnest effort to make the readers see a different side to these negative emotions, the side which is actually in their favour. The book will leave you with self introspection on various challenges of life and how they can give birth to faith and gratitude. It is a story of life and it's experiences moulded in poems which are short and crisp yet thought provoking. She believes that a lot of unnecessary strife and grief can be avoided by choosing a positive outlook and trying to see good in every situation. Swati says all these words and messages have flown to her as if by magic and she believes she is just a messenger of higher consciousness who has been chosen to write them down in a book. Hope you all enjoy

reading it as much as she enjoyed writing it  
[Holding Back The Tears](#) Aug 22 2019  
This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she reunites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support

offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you"; - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her beliefs about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

### **I WAS Raped and I**

**ReMEMber!** Jul 13 2021

FORWARD This book is not one-sided. But it does take sides. It is also another tip of the iceberg. These stories are true. I have been collecting them for the past five years; planning to publish a book under a different title. However, the current issues surrounding women's, in particular, and ALL human rights have caused my decision to release what I have collected now as I WAS Raped & I ReMEMber! I personally interviewed nineteen women. One young man's story is also included. I can attest to their desire to share their personal stories.

Armed with facial tissue and a notepad, I gently prodded each one to allow their encounters to be available in any form. The accountings are strikingly similar as they all boil down to abuse of power. I included details from others' assaults, compositing them and some I'd experienced. My (before and after) sister-friends and I also mulled over the possibility of the perpetrators recognizing themselves. The chances of it being about them in particular is little but the facts are sure to seem the same. Hopefully, they WILL feel shamed. Sadly, the narcissistic ones will probably only allow themselves to feel nothing but pride. I am not expecting the victims to go public against their will. And I am not planning to ask them to. I instructed all not to shy away from using the terms rape, assault, trauma, sex, crime, or being demure about what actually happened. I also explained I wanted adults to feel comfortable sharing this book with younger people. Therefore, we tried to keep it adaptable for the general public. Most of the women told me support, comfort, and understanding from family and friends is lacking. I believe this is because even if they want to, some don't know how to provide it. Some would rather have not known about it. Some will discount the harm and even seem to think it may have been our faults. This does not mean they don't care and don't love us. But they may be limited by those feelings. Chances are, they are dealing with their own related demons. In my opinion, any type

of assault creates a situation where the mind and body cannot be separated. Suppression will always gnaw at the surface and reveal itself in some fashion. Most of those assaulted can still describe their assailant with 100% confidence, even if they can't recall ALL of the details such as exact dates, how they got home, if they were drugged, how much they had to drink, if there were others involved, etc. However, they DO know what the end result was and remains. I learned only 11 of the assaulted have managed to both rise above the anger and/or hatred harbored for their attacker(s). Most have either regained their feelings of safety and independence or are progressing despite the present lack of them. All are still struggling with self-worth replacing self-blame, to some degree. I feel their sharing their stories here will be empowering. Of course, theirs are not the only ones needing to be told. One does not have to be a woman to be sexually assaulted and the assaulter does not have to be a man. No matter the age, sex or sexual orientation, assaults occur. In recent years there has been an uproar over several men reviving and remarking "If rape is inevitable/unavoidable, relax and enjoy it." This "joke" has been around since the 1960's to my knowledge. The attitude that seems to accompany the statement is A Perfect Example Of What PEOPLE Have To Battle Everyday. It is a loaded gun that may seriously wound the listener. Unfortunately, that infamous statement hasn't

gone away because people - and I mean mostly men - still seem to think it cool, funny, or okay to say to, or around, ANY woman. The fact that it's frequently recycled to disparage, demean and, discount overwhelmingly by the men who use it, I rest my case. We ALL can - and MUST - do better. "There is no try." ~ Yoda Sexism and Racism are members of the same family. Karen E. Dabney October 14, 2018

The Complete Poems Dec 26 2019 The collected works of Anne Sexton showcase the astonishing career of one of the twentieth century's most influential poets. For Anne Sexton, writing served as both a means of expressing the inner turmoil she experienced for most of her life and as a therapeutic force through which she exorcised her demons. Some of the richest poetic descriptions of depression, anxiety, and desperate hope can be found within Sexton's work. The Complete Poems, which includes the eight collections published during her life, two posthumously published books, and other poems collected after her death, brings together her remarkable body of work with all of its range of emotion. With her first collection, the haunting *To Bedlam and Part Way Back*, Sexton stunned critics with her frank treatment of subjects like masturbation, incest, and abortion, blazing a trail for representations of the body, particularly the female body, in poetry. She documented four years of mental illness in her moving

Pulitzer Prize-winning collection *Live or Die*, and reimagined classic fairy tales as macabre and sardonic poems in *Transformations*. The *Awful Rowing Toward God*, the last book finished in her lifetime, is an earnest and affecting meditation on the existence of God. As a whole, *The Complete Poems* reveals a brilliant yet tormented poet who bared her deepest urges, fears, and desires in order to create extraordinarily striking and enduring art.

**Reading Biblical Poetry** Jul 21 2019 A companion to *Reading Biblical Narrative* provides a holistic introduction to biblical poetry, offering literary examples of how the poets of the bible created their works. Original.

The poems are accessible, sometimes humorous and often give insight to the complexity of being human. Topics include love and conflict, Superman and Santa, youth and old age. Positive Words Oct 16 2021 My book is positive and inspirational for the reader.

What we all are searching for in this life is Love. My book is filled with Romantic and emotional reading. It also uplifts the spirit if you are filling low. I feel my book is unique in its own way. It feel my book will take the reader on a journey and they will not be able to put it down until they finish reading it.

**Poetry that Motivates** May 23 2022 Poetry is wonderful. It's inspirational and motivational - at least it should be. Every poem from this book was penned to hopefully inspire or motivate those who may need a poetic pick-me-up to help them on their way. The various themes of the poems from this book include: hope, happiness, belief, faith, strength, optimism, positivity, nobility, might, experience, improvement, preparedness, perspective, capability, responsibility, potential, setting goals, self improvement, selflessness, forgiving, virtue, restraint, perseverance, humility, courage, leadership, mentorship, integrity, patience, truth, honesty, creativity, success, accomplishment, befriending failure, overcoming our weaknesses, dreaming, achieving, and so much more. It is my hope that these motivational poems may encourage someone who needs encouragement. I hope these poems may instill hope to those who feel hopeless, increase faith in those individuals who are faithless, strengthen the weak, and give everyone a greater outlook and perspective on life. We see what we want to see. We believe what we want to

believe. As a natural outcome of these beliefs, we experience what we have told ourselves we would experience, and that can limit us if our understanding and thinking is in any way restricting or belittling. The more positive we can be in speaking to ourselves and others, the more positive our overall experience in life will be. We can make the most of any situation - good or bad. It is my hope that we will look for the good and find it! This is actually my second motivational book of poems I have written and published. My first poetry book is titled, "The 'As If' Principle - Motivational Poetry," and features 222 motivational/inspirational poems I have written over the past 20 years. The majority of those poems, as well as many of these poems, were written for me personally. I often write poetry as a way to motivate myself to be better, to learn more, to express my shortcomings and weaknesses, and to write out how I plan to improve, progress, change, and see the world through new and improved eyes. Many of the poems in this new book were written with my three wonderful children in mind. I wanted to speak to them and teach them. The challenges we face today may differ entirely from the problems our parents, grandparents, and ancestors dealt with, and yet, everyone has problems that need solutions. That never changes. We all have good days and bad days. Everyone has trials, tribulations, struggles, and strife. Everyone has hopes, dreams, fears, frustrations, and

everyone wants to be happy. No one is perfect and everyone makes mistakes, but everyone is doing the very best they can with what they have. You can visit any distant plot of earth anywhere around the globe and you will find children laughing and playing together. Around the world, you will see family and friends smiling at each other and sharing memories, beloved family stories, and remembering the good times they have shared together while counting their blessings for having lived through difficult and trying times. We all experience excitement, enthusiasm, and pure adrenaline bursts of energy when we are living the good life and making the most of our precious moments here in mortality. We also know how depressing, dreary, and dark defeat and despair can be. We all have felt alive and on top of the world and we all have had times when we felt like giving up because for a while it seemed as though the world was collapsing all around us. We all have experienced our personal ups and downs. All people, regardless of size, gender, race, skin color, or beliefs are doing the best they can, but we all need help at times. With these poems, I hope to lift those who feel as if they have fallen into a pit of despair. I hope to help those who feel hopeless and helpless - that they may, through the words of these poems, find hope, healing, harmony, and happiness.

**God's Book of Dreams** Dec 18 2021 THE BATTLE IS NOT YOURS is a portrayal of a relationship between a mother and daughter who have a strong commitment to one another despite opposing personalities. The bond between the main characters, LORRAINE JACKSON and her daughter, SHERINA JACKSON GREENE, is realized when they are heaved into a tailspin upon Lorraine's discovery of her HIV status. The novel begins with Sherina recalling how the discovery changed their lives. Following the disclosure the reader travels back through time with the introduction of THELMA, Lorraine's biological mother. Thelma gives birth to four children and raises none of them. The only positive thing she does for her children before abandoning them is to

place them in stable homes. However, despite Lorraine being raised by a respectable family, she never knew love until she met a young marine while in high school. Lorraine's dreams of a loving traditional lifestyle are again challenged when in the mid 1960's at the age of 24 she is numbered among the thousands of women who are widowed because their husbands have become casualties of war. As the story continues Lorraine is determined to be a better mother to her daughter than Thelma was to her. Consequently Sherina and Lorraine are inseparable. They spend time travelling in the Caribbean and soaking in the excitement from the cultural revolution that is prominent in the free spirited 70's. However, their relationship changes, as Sherina grows more autonomous. The discord begins when Lorraine is unable to smoothly make the transition necessary from parenting a younger child to a more free-willed teenager; while Sherina, a typical self-absorbed adolescent, does little to ease the process. As the reader follows Sherina's development to womanhood the story is again told through her narration. At this point the obstacles HIV patients and their loved ones face become evident. While Lorraine is stuck in denial and refuses to accept her medical condition, Sherina is anguished by the reality of their imminent fate. After a long battle, Sherina finally gets Lorraine to adhere to medical advice; however she inevitably becomes symptomatic.

Although Lorraine does not win the battle against AIDS, the story concludes with Sherina's realization that all of the issues that have impacted their lives -- child abandonment, single parenthood, the effects of war and the fear of rejection as a result of the stigma of AIDS, are merely societal woes. The novel ends with Sherina's ultimate acceptance that life is filled with battles that can only be dealt with on a spiritual level.
