*The Canadian Regulation School Strap* May 16 2021 This book has been printed in two editions, so please check before you buy! The black & white one is intended as an affordable option for those who simply wish to read the contents. The full-colour one is geared to anyone with particular interest in the examples exhibited. The primary intent of this work is to provide a comprehensive look at how corporal punishment (CP) was formerly deployed within the Canadian school system: from a general history of school CP to the invention, adoption, implementation, policy and regulation of use, and the ultimate abolition of the Canadian regulation school strap. Over one hundred former educators were interviewed to reconstruct actual trends in practice and procedure. Also included is a thorough look at manufacturers, suppliers, models, specifications and estimated market values for those interested in acquiring a real piece of educational history. This book discusses how our school CP practice was necessarily interwoven with world, judicial and parental CP influences. Included is a detailed study of one school punishment book to answer the questions of whether its application delivered any measurable result for any kind of behaviour, to what extent that result was observed, and if that result confirmed or contradicted popular opinion. Answers are provided to questions such as: is there empirical proof of CP's effectiveness? Does CP save lives? This book includes an account of all the typical opinions on the matter, why studies contradict each other and empirical world trends, popular myths and misconceptions about CP, the differences between judicious CP and abuse or violence, and the real reasons that it was abolished and it should never return. Much of this is directly applicable to another controversial subject: the current debates, ideologies and agendas on parental CP (spanking). Some trends and facets of parental spanking are also presented, including: the Art of Discipline with respect to CP, the Canadian Supreme Court's interpretations and why I believe it to be an excellent template, where the USA and UK differ, and why the Council on Europe's agenda makes me address questions like "Do spanking bans collapse civilizations?" This should be of interest to educators, CP historians, policy and lawmakers, and anyone with general interest in the changing trends of disciplinary methods and philosophies deployed at school and at home. Chapters included are: 1 General History; 2 The Regulation School Strap; 3 Practice & Procedure; 4 The Punishment Book; 5 General CP Ban Trends; 6 The Abolition of the Strap; 7 A Penny for Your Thoughts; 8 School Strap Models; and 9 Suppliers & Prices The subject matter and images within are intended for a mature audience and may be disturbing to sensitive readers.

**Steps to Follow** Mar 14 2021 This new edition of a best-selling guide incorporates significant advances in the early and later rehabilitation of neurologically impaired patients. Based on the Bobath concept, Davies' approach to rehabilitation stresses the need to equip the patient for a full life, rather than setting arbitrary goals for functioning in a sheltered environment. Activities are described for correcting abnormal movement patterns and facial difficulties. Ways to regain walking, balance and other normal movement sequences are explained and demonstrated with 750 photographs of patients being treated.

**Buckle Your Chin Strap** Dec 23 2021 "Buckle Your Chin Strap" is a story of the battle that occurs in the life of an every day average American family whose daughter becomes pregnant at 16. It is a message of hope to fathers and mothers in how to guide their daughters to choose life instead of death. The author uses his own lessons taught to him on the gridiron in both high school and college football to mirror many of the plays that occur in teenage pregnancy. By "Buckling your Chin Strap With The Lord," you can receive grace to play each play, one play at a time, without worrying about the outcome. It will give you insight into all the feelings, emotions, fears and challenges that a teenage pregnant girl and her family faces.

**Coal Town Kids** Feb 10 2021 Duane Radford and his friends from childhood reminisce about growing up in Crownstest Pass, Alberta (lovingly called "the Pass"), when the area's coal mines were active. Set on the edge of the Canadian Rockies, in southwestern Alberta, the Pass includes the small towns of Bellevue, Hillcrest, Frank, Blairmore, and Coleman—all along Highway 3. In the 1950s, the Pass was a hard place for people to make a living and most faced adversity, relying on their own resourcefulness to survive. The community itself was largely made up of immigrants from many different countries, some of whom were escaping their war-torn homelands. Despite the hardships of working in the mines, the Pass offered an idyllic lifestyle—one of outdoor adventures, clubs, social engagements, and excursions—built around a strong sense of community. Though several people have contributed stories to the book, it is largely narrated by Duane as he follows his family's arrival to Bellevue after World War II, and his experiences living there until 1963, when his family

moved to Calgary, Alberta. With not much written about the area, Coal Town Kids is the first substantive nonfiction account dealing with the Pass since 1952.

**All the Feels** Jul 18 2021 Following Spoiler Alert, Olivia Dade returns with another utterly charming romantic comedy about a devil-may-care actor—who actually cares more than anyone knows—and the no-nonsense woman hired to keep him in line. "An absolutely witty, swoon worthy behind the scenes romp! Delightful from beginning to end!"—Julie Murphy, #1 New York Times bestselling author of *Dumplin'* Alexander Woodroge has it all. Charm. Sex appeal. Wealth. Fame. A starring role as Cupid on TV's biggest show, *Gods of the Gates*. But the showrunners have wrecked his character, he's dogged by old demons, and his post-show future remains uncertain. When all that reckless emotion explodes into a bar fight, the tabloids and public agree: his star is falling. Enter Lauren Clegg, the former ER therapist hired to keep him in line. Compared to her previous work, watching over handsome but impulsive Alex shouldn't be especially difficult. But the more time they spend together, the harder it gets to keep her professional remove and her heart intact, especially when she discovers the reasons behind his recklessness...not to mention his Cupid fanfiction habit. When another scandal lands Alex in major hot water and costs Lauren her job, she'll have to choose between protecting him and offering him what he really wants—her. But he's determined to keep his improbably short, impossibly stubborn, and extremely endearing minder in his life any way he can. And on a road trip up the California coast together, he intends to show her exactly what a falling star will do to catch the woman he loves: anything at all.

**The Strap On** Aug 31 2022 A collection of five kinky stories with mixed and varied themes including sex in a public place, BDSM and food fetish. The Strap-On by Maggie Morton From the moment he sees the strap-on in his girlfriend's bedroom drawer, Percy is obsessed with the sex-toy. It fills his every fantasy. Then one day it disappears and he is heartbroken. But it turns out she is taking him on a trip and there is more than one delicious surprise along the way. Confessions by K D Grace Confession is good for the soul, but Hail Marys and Our Fathers aren't nearly enough to gain absolution when Jilly confesses to an unsuspecting priest that confession makes her come. Doctor's Orders by Brandon Burnham Harley's at a posh party in downtown Miami. He's having a great time, but he does have a small problem. Both his hands are bandaged after an injury, he needs to visit the Gents, and the woman friend he came with has disappeared. Gorgeouse Marie offers to help. She tells him she's a doctor and used to performing intimate services, but things get rather more intimate than either of them originally planned. Retail Seduction by Tabitha Rayne Selena is out shopping when she is overcome by the urge to have an orgasm and she escapes into a changing room with a black silk scarf. Later, at home, she tells her husband, Jim, that she stole the scarf and he ties her up with it and spansks her soundly. But Selena, it seems, enjoys her punishment far too much. Have Your Cake and Eat it by Jeremy Smith Julie is a caterer and one of the things that annoys her is the amount of food that gets wasted. On this particular afternoon she is anxious to get home with boyfriend, Leigh, so they can catch up on their love-life - they haven't seen each other for a while. While he's helping her dispose of a mountain of jelly, custard and chocolate gateaux, they discover a much more exciting use for it. Maybe they can combine cleaning-up with love-making. Parties will never be quite the same again. These stories have also been published in *Kinky Girls* ISBN 9781907016561

**Proficient Motorcycling** Jun 24 2019 This best-selling book is also "#1 book in motorcycle safety" (Nielsen BookScan) and essential reading for all motorcyclists regardless of their years of experience. Author David L. Hough, a revered motorcycle author, columnist, and riding-safety consultant, lays out a clear course for all riders who want to sharpen their handling skills and improve their rides. This second edition, expanded and now in full color, offers new riders and road warriors the exact kind of advice they need to be prepared for anything when on the road, how to avoid accidents, and how to handle the unexpected. Hough, who began motorcycling in the 1960s, tackles every imaginable topic—from the mechanics of the bike, selection of the right-sized bike, and basic riding skills to night riding, group outings, and advanced survival tactics. In the chapter called "Motorcycle Dynamics," Hough spells out the equipment needed and basic skills required to control a bike, and specifically keeping the rider's safety and ability to avoid potentially injurious or fatal crashes. The author is outspoken and direct when it comes to safety, and he emphasizes the importance of the rider's braking abilities and spells out how to improve them. The chapter offers six tried-and-true techniques for quick-stop tactics, critical for every rider to understand and master. He also addresses other vital skills that riders need to evaluate and improve, such as turning, maintaining balance and stability, and steering. He defines, compares, and analyzes the ins and outs of steering and control: direct steering, countersteering, push steering, out-tracking, coning, u-turns, and directional control. The chapter called "Cornering Habits" is a virtual master class in acceleration, deceleration, use of weight, throttle, leaning, and handling challenging terrain. Hough's skill as a photographer and illustrator adds a graphic element to his books that leads to immediate understanding of the concepts he explains. The detail offered in each section of the book can only come from decades on the road, and the author is the consummate instructor, assigning homework to the readers in the form of exercises to practice and improve specific techniques that he outlines and illustrates in the text. Any rider who would venture out on the road without David Hough's voice in his head takes an unnecessary risk with his own life. Proficient Motorcycling takes riders from long, snaking country roads right into the traffic of the big city, and Hough offers the best advice for riders dealing with the most challenging conditions, whether it's road construction, snap-jawed intersections, skateboarders, or suddenly slippery road surfaces. A critical section of the book offers riders advice on how to deal with automobiles, including aggressive car drivers, oblivious SUV drivers, or "blind" truck drivers. The book offers the kind of first-hand experience that can literally save riders' lives, as illustrated in the chapters "Booby Traps" and "Special Situations," which offer evasive tactics and advice to avoid and handle everything from slick surfaces, curbs, and construction plates to ferocious dogs, hazardous wildlife, and difficult weather conditions. The final chapter of the book, "Sharing the Ride," is geared toward experienced riders who travel together in groups or who travel with a second passenger on the bike. Topics covered are formation, packing for trips, communication between riders, sidcars, trikes, and more. The book concludes with a resources section of organizations, training schools, educational tools, and websites; a glossary of 80+ terms; and a complete index. *The Morning Star* Nov 09 2020 A New York Times Notable Book One of NPR's Best Books of 2021 "Knausgaard is among the finest writers alive." —Dwight Garner, New York Times The international bestseller from the author of the renowned *My Struggle* series, *The Morning Star* is an astonishing, ambitious, and rich novel about what we don't understand, and our attempts to make sense of our world nonetheless One long night in August, Arne and Tove are staying with their children in their summer house in southern Norway. Their friend Egil has his own place nearby. Kathrine, a priest, is flying home from a Bible seminar, questioning her marriage. Journalist Jostein is out drinking for the night, while his wife, Turid, a nurse at a psychiatric care unit, is on a night shift when one of her patients escapes. Above them all, a huge star suddenly appears blazing in the sky. It brings with it a mysterious sense of foreboding. Strange things start to happen as nine lives come together under the star. Hundreds of crabs amass on the road as Arne drives at night; Jostein receives a call about a death metal band found brutally murdered in a Satanic ritual; Kathrine conducts a funeral service for a man she met at the airport - but is he actually dead? *The Morning Star* is about life in all its mundanity and drama, the strangeness that permeates our world, and the darkness in us all. Karl Ove Knausgaard's astonishing new novel, his first after the *My Struggle* cycle, goes to the utmost limits of freedom and chaos, to what happens when forces beyond our comprehension are unleashed and the realms of the living and the dead collide.

**The Pegging Book** Mar 26 2022 A practical guide to anal sex with a strap-on dildo. In the beginning, there was no name for it. The act was lumped in with general anal sex and general strap-on sex. But perhaps seeing a hole that needed filling, an online contest was held to name the act. When the dust had settled, the word was clear and the world was changed. Pegging: A sex act in which the pegger anally penetrates the pegee with a strap-on dildo. Authors Cooper S. Beckett and Lyndzi Miller tackle all you've ever wanted to know about pegging. How do we do it? What are the right tools for the job? Does it actually feel good? I'm a straight guy—will pegging make me gay? Beckett and Miller answer these questions and also talk about safety, male anatomy, and the health benefits of being pegged. They guide you through your experimentation with this most excellent act in a friendly and conversational fashion, showing you an in-depth look between the cheeks.

**Billy Don't** Apr 02 2020 Billy Don't, a novel, takes place in Oakland, and other parts of California during the 1930's. It is a story of the conflicts and behaviors which take place in a young boy who is placed with his older sister and younger brother in a boarding home run by the Blair's. The conflict comes from the evangelistic preaching of Mrs. Blair who constantly tells Billy, "Your sole will turn black" or "God will send you to the Devil," and the other understandings he has gained from his grandmother who has taught, "God sees the good in you." Billy's often wild and vicious behaviors are driven by his hatred for Mrs. Blair. It is a story of young boy's desperate search for love and understanding.

**Effectiveness of Nylon Drag Straps for Braking Monorail Sleds** Feb 22 2022 Velocity versus coast distance measurements on two monorail rocket sleds were conducted on the Holloman track to obtain numerical information on the braking effectiveness of nylon drag straps. The data were obtained from ribbon frame camera readings and reduced to the form of drag area of the sleds and the drag straps. The straps as described are shown to increase the effective drag area of the monorail sleds used by approximately one square foot and to be an effective means for reducing recovery distance in the speed range below approximately 700 ft/sec. (Author).
